THE PRESENT DAY IDENTITY OF THE SERPENT

The following message was preached by Brother Amos, on the evening of Saturday, 18th May, at the 2013 May Convention, of Bible Faith Tabernacle, Lagos, Nigeria. It is with a heart full of love and ecstatic joy, that we at Bible Faith Tabernacle present this very current truth to the universal bride. God is still speaking to His elect bride, from the pages of the Bible, as in times of old. We are indeed privileged, to be living beneficiaries of God's ending m o v e . W H A T A M A R V E L L O U S REVELATION THIS IS!!!

Good evening church. On Thursday, we took a little message titled, *The End Of Gentile Salvation*. We said that everything that has a

beginning has an end. There is a beginning point to everything man does, and also to what God does. And whatever God does for His people as a body; whatever God does for His people in the light of His Word, He always has a vessel of clay He uses to set it in motion, and a vessel of clay He uses to bring it to a conclusion, giving us the beginning and the ending point of God's move; for there is certainty and consistency in God! Yet, the vessel of clay He uses to set something in motion, will not be the only man to do the job; but He uses a human vessel, nonetheless, to set everything in motion. And when that voice begins to sound, his message or voice begins to pick up every other vessel ordained to carry that light, and the plan of

God is in unstoppable motion. And when we come to the era of concluding the plan of Gentile salvation, brothers and sisters, God always has to have a vessel that will carry that concluding light. And as he also begins to sound, he begins to gather the vessels of clay that will carry that light with him, for the entire body of saints; and in that move, salvation comes to a close. We are looking at the salvation of the Gentile world, which is the salvation of the world, with the exception of that of the Jewish nation. In the beginning, God called a man by the name of Abraham, as we saw on Thursday. He was of the Shemitic race, and he was the progenitor of the Jews and Arabs. His original name was Abram, five letters, which is the number of grace. God knocked away the letter "m", and added HAM to it, and his name became Abra-HAM, seven letters, which speaks of completion, the completion of God's plan of salvation. I say that because God promised Abraham in Genesis Chapter 12, verse 3, saying: **"... AND IN THEE SHALL ALL FAMILIES OF THE EARTH BE BLESSED"**, which is the salvational blessing of the whole world, both Jews and Gentiles.

Consequently, we are looking at the conclusion of something, the conclusion of God's great plan of the salvation of the world, and that is precisely what Abraham's name stands for. Do not forget, that on the authority of Genesis Chapter 17, verses 4-5, Abraham means the **"father of MANY NATIONS"**, which takes in the universal nation of the bride, being also as it is written, **"THE FATHER OF ALL THEM THAT BELIEVE, though they be not circumcised; that righteousness might be imputed unto them also"**, taking in both Jews and Gentiles, as Romans Chapter 4, verses 11-16 confirms. As such, Abraham, is the father, not just of the natural seeds of Israel, but also of the royal seeds, begotten through Jesus Christ our Lord, which is the bride of Christ. So, brothers and sisters, we are the people God was looking at, when He gave Abraham that prophetic Word, for we are the object of that prophecy. And whatever has a beginning has an end. And if the beginning of Gentile salvation which God promised through Abraham, gives us a human instrument, a vessel of clay, who is Saint Paul, a sinner saved by

grace, then, the ending of it also has to give us another vessel of clay, also a sinner saved by grace, and that is none other than the end time John, on the full authority of Revelation Chapter 10, verses 8-11, for completion is in John. For as God used John-Shem (or John the Shemite), to wrap up the written record of the Word, in the first church age, so also is God using John-Ham (or John the Hamite), to wrap up the revelation message of the Bible, in this seventh and last age! Therefore, we must understand that Abraham gives us a name that is prophetic, showing that what God started in Shem, or through the Shemites, He will conclude in Ham, or through the Hamites: ABRA-HAM, seven letters, the number of completion. I repeat: What God started through the race of Shem, He concludes through the race of Ham. And if you look sincerely at God's move of Gentile salvation, truly God started with the nation of Israel, who are Shemites, from the lineage of Shem, who was a son of Noah. They gave us the Testaments, both Old and New, and the baton was passed to the Japhetic race, who are the

white race, from the lineage of Japheth, also a son of Noah. And since that time, the Japhetic race has borne the light of Christ, for the whole wide world, leaving **THE INPUT OF HAM**. But unknown to the religious world, Japheth passed the baton to the Hamitic race, who are the black race, from the lineage of Ham, who is also a son of Noah, so that the completion of God's plan of universal salvation may be wrought by Ham, and Ham would thus return the baton of truth back to Shem, at the hour of the Jewish Connection, thus completing **THE GOSPEL CYCLE, A RACIAL CYCLE**. Brother Branham spoke of this racial logistics of God, in a message he preached in January 1963, titled, **ACCEPTING GOD'S PROVIDED WAY AT THE END TIME**, when he said during the prayer line: *"If you believe me, you must know that I am here to show you GOD'S WORKS AND HIS WAYS."* He said precisely: **"And you believe that Jesus Christ is the same yesterday, today, and forever, THAT I'M HERE TO MAKE KNOWN HIS WORKS AND HIS WAYS!"** And truly, if you want to accept God's provided way at this end time, you had better listen to what the prophet said in that message, for it points the

way forward at this end time, plainly showing us the mind of the Spirit of God, in His racial plot or programme, at this closing hour of Gentile time! William Branham then declared: ***"I been very reluctant on these things, the fifteen, sixteen years I been on the field. BUT THERE'S AN HOUR COMING NOW WHEN SOMETHING IS FIXING TO TAKE PLACE. THE MESSAGE WILL GO TO ANOTHER NATION, ANOTHER PEOPLE"***, different from the Japhetic race to which he belonged, talking strictly of the race of Ham! The reluctance the prophet felt, was not concerning the Jews receiving the Gospel, for we all know scripturally, that the Gospel is going back to them, after the Gentile days are over, and Brother Branham laid this fact out succinctly or clearly, in various messages! The reluctance he felt, was relating strictly to the downtrodden race of Ham! Why is this so? It is simply because **HAM IS IN THE COVENANT**, and his race is yet to have his Global Input! And also because Abraham's name means completion, showing us that the ending move of God for the salvation of the world, is through the lineage of

Ham, for Ham has been reconciled and joined together with Shem, through Jesus Christ, thus making one body, for as it is written: Christ ***"hath broken down the middle wall of partition between us"***! Ephesians Chapter 2, verses 11-22 confirms that! And that is precisely why the Jewish Connection is through the Hamitic race, the Lord returning the Gospel back to Shem through Ham: Abra-HAM, the name of completion, and a name also bearing the number of completion! Brothers and sisters, that is precisely why, when we come to the Book of Revelation Chapter 10, the Chapter where the plan of Gentile salvation comes to its literal close, the Chapter gives us, not only the beginning move of God for the bride in this last church age, recorded in verse 7, giving us the star messenger to this age; it also gives us the ending move of God for the bride, which gives us the ministry of the end time John, recorded in verses 8-11! In 1960, the prophet to this age spoke about John in his message titled, *The Seven Church Ages*, on page 174, paragraph 2, when he spoke about the ***"the messenger IN THE LATTER RAIN"***, which is

the closing out move of God for the perfection of the Gentile bride of Christ, in this last church age, a move he also spoke about in the same message, referred to as the Jewish Connector, a **“carry over”** ministry, which still gives us the race of Ham: Abra-HAM, which is completion! Brothers and sisters, all these quotes and verses of Scripture show, that through the race of Ham, the prophetic promise of God to Abraham, will be realized in its full or complete dimension, God using the race of Ham to carry the wrapping up light of Jesus Christ, for the bride universal, thus bringing God's plan of universal salvation to its completion and close. Hence the reason today, we have put out a message titled, *THE INPUT OF HAM!* If you do not think it is so, then, I ask you, what exactly do you think is happening tonight? What do you think God is doing on a spiritual plane today, at this very junction of time? That is precisely why, when the angel of time comes, as we see him revealed in Revelation Chapter 10, the angel who is characterizing Jesus the Christ, the Messenger of the Covenant, with the open scroll in his hand, he is coming to give it to John in Africa. And in verses 8-10, John eats, not part of the

scroll; he eats, not a great measure of the scroll; he eats the entire scroll of redemption, showing infallibly, that the completion of revelation, and of Gentile salvation, is in John-HAM. I repeat: The completion of the revelation of Jesus Christ is in John; and the completion of Gentile salvation is also in John, for he is the ministry God uses to bring the plan of Gentile salvation to its literal close! Consequently, in the day of the ministry of John, any and every Gentile ordained for eternal life, will be saved, for after the ministry of John enters into its prophetic fold, after the breaking of the Seventh Seal, there is not one Gentile in any part of this globe that will be saved thereafter. For from thence, salvation is over for the entire Gentile world! I pray God will help me tonight. I need your prayers. Like our brother, Brother Bode Omoniyi, stated yesterday night in his message, John saw a lot of things in the spirit. But when we come to Revelation Chapter 10, he not only saw and recorded the things he saw, he also had some things to do, for he was instructed to do some specific things, which are really prophetic, for they are things which go beyond his own hour of

time, and as such, are things beyond what he could have fulfilled in person in that day! For instance, he was told to go to the Angel of the Covenant, to collect the open scroll in his hand, and eat it up. He was also told to prophesy a second time, which is strictly prophetic, for it gives us the promise of the end time ministry of John, being things he did not fulfil and could not fulfil in that day, in 96 AD! So, that lets us know that there has got to be a return of the Spirit of John, not his human spirit, but the return of the anointing of God that was upon him. No wonder, in John Chapter 21, when Peter asked our Lord Jesus in verse 21, saying, **“... Lord, and what shall this man do?”**, referring to John the beloved disciple, Jesus replied in verse 22, saying: **“... IF I WILL THAT HE TARRY TILL I COME, what is that to thee?”** In other words: *“If I want John to tarry till I return, what has that got to do with you?”* But the reply of the Lord passed over the head of Saint Peter that day! And church, it passed over the head of every man from that day forward, until this very hour of time! No man throughout the grace age,

was given to understand that statement in its true prophetic context, until we came to the hour of John! Exactly! Saints of God, Jesus implicitly or impliedly stated that the Spirit of John, not the man himself, and not his human spirit, but that the anointing of God that was upon John, will tarry, till he Jesus returns! Why? Because in the prophetic revelation of Jesus Christ later recorded in the Book of Revelation Chapter 10, verse 11, it is written: *JOHN MUST PROPHECY AGAIN!* John has to eat the entire scroll of redemption, showing that the completion of the plan of universal salvation God prophesied and set in motion in Genesis Chapter 12, when He called Abraham, is concluded in Ham, giving us ABRA-HAM, seven letters, the number of completion. Saints, if that be so, and we know it is scripturally so, that the climaxing and concluding light of Christ is invested in the lineage of Ham to carry, you must therefore understand tonight, that God must give grace, and God must give divine inspiration to the end time John, to cross every scriptural "T", and to dot every scriptural "I", and to also tie up any outstanding loose end, in the message of Jesus Christ, in order to

put a full stop to the unveiling of written truth. God must therefore open up things that are buried in the written Word through time. And once done, then we will move to consider the unveiling of unwritten truth, in the hour of the seven thunders, thus bringing completion and closure, to the establishment and accomplishment of the plan of universal salvation. But do not also forget, that when we also consider the seven thunders, men who will bring unwritten revelation pertaining to the rapture event, brothers and sisters, John is also in the thunders, as the lead thunder, being the lead apostle, and the man to make the Jewish Connection, God bringing back Ham, and reconciling him with Shem: ABRA-HAM, seven letters, the number of completion, for completion is in Ham. We are at the end. Open your eyes, and censor everything by the Word of God, for God is doing something! God is doing something in our midst, for the universal bride of Christ, but in a very simple and humble way. I say that to our visiting brethren. But brothers and sisters, if John is the one who eats the scroll of redemption, and we know for scriptural

certainty that he is, then it means, that there is no mystery, (that is, there is no written mystery), and there is no written prophecy, from the Book of Genesis to the Book of Revelation, necessary for the spiritual edification of the bride of Christ, to help her in her understanding of this great plan of salvation, and for her statural growth, that will not be opened up for her today. Whatever mystery still remains buried in the written Word of God, which touches upon this plan of universal salvation, and which is necessary for the revelational growth of the bride of Christ, must be opened up, and will be opened up. It has to be so, because God is perfect in all His ways! We are not going to go into unwritten revelation in the hour of the thunders, without first appropriating the balance of written revelation! What we want to share tonight bears testimony to this fact. It also bears testimony to the fact that revelation is not yet over, for the revelation of Jesus Christ is continuous, Jesus being alive. It did not stop with Brother Branham, and it certainly did not stop with Brother Jackson. Revelation moves on, because the revelation of God is

progressive, not static. I repeat: Revelation did not stop with Brother Branham, and it certainly did not stop with Raymond Jackson either! It is obvious that the Branham Movement are not listening to Brother Branham's message! They are not listening to what he says, because he clearly and categorically stated in 1963, in his sermon titled, *SPIRIT OF TRUTH*, page 6, paragraph 43, thus: ***"It may be my home going-time. It looks very much that way. If it is, THERE WILL RISE SOMEBODY AFTER ME THAT'LL TAKE THE MESSAGE ON. He'll be an odd person, but he'll rise after this and TAKE THE MESSAGE ON. AND YOU LISTEN TO IT. AS LONG AS IT'S SCRIPTURE, STAY WITH IT!"*** Did you hear that? He said, *"He will be an odd person, but he will rise after me, and take this Bible message on. And you listen to him. As long as it is Bible, you stay with it"*, plainly showing that there is Continuity to the revelation of the Word of God! THAT QUOTE PLAINLY GIVES YOU CONTINUITY OF S C R I P T U R A L REVELATION, IF YOU ARE NOT STONE DEAF AND STONE BLIND! Because the message is not about Brother Branham, and neither is it about Brother Jackson; but it is about the

revelation of Jesus Christ our Lord and Saviour! Period! It is about God's great plan of universal salvation, which God began in Genesis, and He is concluding today, as recorded in the Book of Revelation! And we are witnesses of what God is doing right now, in this final junction of Gentile time, in this last church age, when God is wrapping up the plan of Gentile salvation, which is why He is slowly bringing closure to the unveiling of written truth, by unveiling the balance of hidden Bible mysteries!

Saints of the Living God, that you may know that God is still unveiling His truth from the pages of His written Word, for the revelation of God is progressive, never stationary; and that you may also know that there is no written truth that we will not possess, ever before we move into the unwritten; and further, that you may also know, that the True, C o n t i n u o u s , A N D Climaxing light of Jesus Christ, is shining forth today for the bride of Christ universal, precisely from the tabernacle of Ham, which is Africa, for indeed, **THESE ARE THE DAYS OF THE INPUT OF HAM**, we will now delve into the Word of God, which is the

Holy Bible, for I want to show you a mystery. It is one that has been kept secret all through human time, in Genesis. Brothers and sisters, on the afternoon of the 1st of March, 2013, which was about 2½ months ago, I was in my home, when God dealt with me on the Book of Genesis. Brethren, when the revelation came, I felt like breaking through the roof, for I was so ecstatic, and not knowing what to do with myself; but I knew I was to keep it until now. I told the church about the wonderful dealing of the Lord I received in the light, and also told them I am to keep it for a set time, before giving it. Today is the hour of its unveiling. All I can pray tonight is that God will help me. I covet your prayers. But let me say this before I start this message, for I must warn you. Remember there was a time Brother Branham was going to take the message on *The Seven Seals*. But because the expectation of the saints for that revelation was too high, he realized they would stumble. So, he first had to take a message he t i t l e d , *G O D I N SIMPLICITY*, in order to prepare their minds, as to how to look at the unveiling of the deep

things of the Spirit of God, for as the prophet declared in that message, *“God hides Himself in simplicity, and then reveals Himself in simplicity.”* On page 19, paragraphs 122-123, (a quote I edited only in a little measure, strictly for smooth reading), the prophet stated: ***“And God made all His works so SIMPLE, that the SIMPLE could understand it. And God makes Himself SIMPLE, with the SIMPLE, in order to be understood by the SIMPLE. In other words, He said In Isaiah 35”,*** (concerning the weary pilgrims of God, walking in the narrow way of holiness), ***“Though fools, should not err therein.” It's so simple! And we know that God is so great, till we expect it to be some great something, and we miss the simple thing. WE STUMBLE OVER SIMPLICITY. That's how we miss God, is by stumbling over simplicity. God is so simple until the scholars of these days, and all days, miss Him a million miles. Because, in their intellects, they know that there is nothing like Him, nothing so great; BUT, IN HIS REVELATION, HE MAKES IT SO SIMPLE, they go plumb over the top of it, and miss it.”*** Brothers and sisters, the bigness of God, and His

awesome greatness, is revealed in very humble ways, because God's ways, and His revelation, are very humble, and very simple. He hides Himself in very humble and simple ways, and He also reveals Himself in the same way. God is so big, so great, so majestic, yet He makes Himself so small, till He can come and relate to you and me, as little as we are, and dwell in our little hearts. On the other hand, man is nothing, lighter and emptier than air, and yet, he feels so big, so full of himself, so puffed up, so proud and cocky, that he goes around as if he created and owns the world! Brethren, please, do not look for big things, when you are looking for God, or God will pass you by. Look for God in those simple and humble things. So, when we talk of unveiling a deep revelation, a deep mystery of God, do not look for something big to come, because there is no mystery that comes out of the blues. Everything is there in the Holy Scriptures. But there is a spiritual veil that covers the Word, until the season that God has ordained for its unveiling, before He removes it, using the vessel of clay He has ordained as its appointed reader. And when God

opens it, you begin to wonder, *“My, why did I not see it before?”* Because it is so simple! Revelation makes truth simple, because revelation does not give you what is not already there in the Word of God. There is no true revelation that does not have its anchor in the Word, for the exclusive basis of divine revelation, is the written Word of God. If any so-called revelation is not anchored in the Word, it is not God's revelation! It is in fact, not a revelation at all, but just a carnal idea of man, or a carnal projection of the human mind! Period! Hence, in the Book of Isaiah Chapter 8, verse 20, God firmly declared: ***“To the law and to the testimony: if they speak not according to THIS WORD”,*** (meaning this Bible), ***“IT IS BECAUSE THERE IS NO LIGHT IN THEM.”*** In other words: It is because there is No Holy Ghost in them; No inspiration of God in them; No revelation of God in them. They are simply devoid of God and His light, even though they make an empty boast of having great and fantastic dealings of God in their lives! Yes! Consequently, true divine revelation, as sweet and as rich as it may be, and as deep as it may

be, is always very simple and humble! Because it is something already there in the Holy Bible! True revelation does not give us what is not in the Bible. It gives us what is in the Bible, but which we could not see, because the Bible is divine, bearing a spiritual veil over it! As such, you can read the Bible until you are grey in the head; you still will not see it! But when the revelation comes, however, it is so simple. And the fact that God is still talking to us from the pages of the Bible, for He is still unveiling His Word to His elect children today, shows evidently, that the Bible is indeed the Living Book of the Living God. It shows undoubtedly that the Bible is alive, and that Bible days are here, for the Lord is still dealing with His children as in times of old. So, I beg you tonight, as we now open up God's Canonical Scriptures, do not look for something big, but look for God in the humility and in the simplicity of His truth, because I am not going to give you what is not in the Bible. So, if there is a mystery, however deep it may be, it has got to be in your Bible already, only you cannot see it, and I cannot also see it, if not the grace of God that makes the difference. But I ask you sincerely: Why do you think God is doing what He is

doing today? It is simply and plainly because, these are the days of the Input of Ham: ABRA-HAM, seven letters, the name that gives us completion, bearing also the number of completion. Please let down the chart.

(As the chart for the message was let down, the saints begin to shout and scream and cry and clap, as a wave of Holy Anointing sweeps through the congregation. When it dies down, Brother Amos prayed): My Father, I look to thee tonight. Help me. I am just a man. Give me grace, Father, and help me. Be gracious to me. In Jesus' Name. Amen. We will take Genesis Chapter 3, beginning from verse 1, and it reads: ***"Now the serpent was more subtil than any beast of the field which the Lord God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden? And the woman said unto the serpent, We may eat of the fruit of the trees of the garden: But of the fruit of the tree which is in the midst of the garden, God hath said, Ye shall not eat of it, neither shall ye touch it, lest ye die. And the serpent said unto the***

woman, Ye shall not surely die: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil." May the Lord bless the reading of His Word. Amen. Tonight, we want to talk about ***THE PRESENT DAY IDENTITY OF THE SERPENT***. That is the title of my message: *The Present Day Identity of The Serpent*.

The Spirit of the Lord came to Brother Branham, and in a spiritual vision, God took him back to the Garden of Eden. When God took him back to the Garden of Eden in that spiritual vision, he was shown the Serpent creature, as he stood upright in his original profile, before his judgment. When he came out of the experience, he knew exactly what had gone on in Genesis, for he saw the unveiling of a mystery that, all through time, had been hidden from man. Because Genesis is the story of the beginning! It is the seed Chapter, where God hid the beginning of everything in figurative language, that by His Spirit, and by His Spirit alone, can the mysteries of the Garden of Eden be

unveiled. So, when Brother Braham came out of that spiritual experience, he came with a message titled, *The Original Sin*, and with another message titled, *The Serpent's Seed*. The religious world went berserk, for they were raving mad, saying: *"Oh! That teaching is from the pit of hell! That is heresy! That man is wrong! He should just have remained a prophet, and simply healed the people, and performed miracles! He should not have gone into teaching! Now, he is leading the people into damnable error!"* On and on they went! Yet, nothing makes better sense than the revelation of the Serpent Seed! In fact, brothers and sisters, it makes perfect sense, for it is perfect revelation, and it opens up the mystery of the strange and vile population of people that have filled the earth, and have taken over God's planet, for the whole world as it stands today, is filled with Serpent Seeds! No wonder they can openly rejoice and celebrate laws legalizing gay marriage, (marriage between homosexuals), and laws giving government benefits and other rights to gay partners, just as normal married couples, and they can tear any God fearing soul, who dares to utter one word against their

abominable and most vile lifestyle! We now live in a world where an abominable and evil lifestyle is legally considered **lawful**, good, **honourable**, **laudable**, and **rewardable**, whilst righteousness is legally considered unlawful, extremely evil, dishonourable, most condemnable, and punishable! My, oh my! What makes people viciously opposed to truth and righteousness? What makes people celebrate and reward iniquitous and abominable acts? What makes people haters of God and His holy ways? What makes people behave in the most inhuman and mind boggling ways? What makes people dress with pride in the most deranged ways? What makes people expose their naked bodies for the world to feast on with their eyes, just for the sake of filthy money, or for world acclaim? And what makes people flagrantly, proudly, and intentionally inflict incredible bodily pain and grievous harm to other people, maiming and killing innocent people mindlessly, so much so, that their violence defies sense and human reasoning, if not that they are serpent seeds, demon

possessed people?! Exactly! Since God is a God of truth and righteousness, and **EVERY SEED BRINGS FORTH AFTER ITS KIND**, we must ask ourselves: Where did these people come from, who have now taken over the world, propagating absolute evil and societal chaos, stamping out everything that is good and godly? It is simply because they are seeds of the serpent! Period! They are serpent seeds, pure and simple, and they have taken over the world, for the cup of the Amorites is now full! Brothers and sisters, I show you serpent seeds, for they have to have an origin! Nothing makes better sense than the revelation of **"SERPENT SEEDS"**, for it explains the blatant societal acceptance and open commendation, of highly sacrilegious and abominable acts in the earth, backed by the full force of the laws of men! Thank God for the revelation the prophet to this age brought to us, unveiling to us the mystery of the seed of the serpent! And in case anyone takes offence at that word, I will simply remind you that God Himself already spoke of the seed of the serpent in the Bible, as

recorded in Genesis Chapter 3, verses 14-15, where God categorically declared: ***“And the Lord God said unto the serpent, Because thou hast done this... I will put ENMITY between THEE”***, (the Lord is referring to the serpent), ***“and the woman”***, (who is Eve), ***“and”*** (ENMITY) ***“between THY SEED”***, (the Lord referring to the seed of the serpent), ***“and her seed”***, (referring to the seed of Eve begotten through Adam); ***“it shall bruise thy head, and thou shalt bruise his heel.”*** We all know that the serpent bruiser refers to Jesus Christ, who was begotten through the lineage of Seth, the natural seed of the woman, who was appointed in the place of Abel, whom Cain killed. Seth, who was the son of Adam, was a son of God, on the full authority of the Gospel of Saint Luke Chapter 3, verses 23-38, which plainly and infallibly records: ***“And Jesus himself began to be about thirty years of age, being (as was supposed) the son of Joseph, which was the son of Heli, Which was the son of Matthat, which was the son of Levi... which was the son of Sem, which was the son of Noe, which was the son of Lamech, Which was the son of Mathusala, which***

was the son of Enoch, which was the son of Jared, which was the son of Maleleel, which was the son of Cainan, Which was the son of Enos, which was THE SON OF SETH, which was THE SON OF ADAM, which was THE SON OF GOD.” Thus, the serpent bruiser is Jesus Christ the Son of God, the prophetic (spiritual) seed of the woman, who was bruised in his heel, when he was sold by Judas and crucified on the Cross of Calvary; whilst the Anti-Christ to come, ***“the man of sin”***, is the prophetic (spiritual) seed of the serpent, who will come through the natural seeds of the serpent, for it gives us the lineage of Cain, who today have taken over the world, desecrating and polluting it to the core with their untold evil! The head of the serpent seeds will be trampled, when Jesus comes in the cloud of heaven, with the double-edged sword in his mouth, to slay the wicked ones, and establish the Millennium. Then will ***“that Wicked”***, or that prophetic seed of the serpent, who is the Anti-Christ to come, Satan's heir apparent, be slayed! The absolute and unquestionable truth, is that if we have the seed of the woman, and it is not an

imaginary being, or a spirit, we must also have the seed of the serpent, and it will not be an imaginary being either, nor a spirit, for God spoke of both seeds in the same context, in the same verse, and it was written by the same prophet of God, Moses, and the enmity must work between them, even as God decreed! Absolutely! You just cannot literalise one, and then spiritualise the other! You have to see serpent seeds, for they are as real as the seeds of God, and they abound more in the earth, having taken over the planet like weeds! And weeds they are indeed, for they have broken out everywhere, exploding and spawning like sardine fish, populating the earth with their evil kind! However, the bottom-line is that God took the prophet into the Garden of Eden, in a spiritual projection through time, and he came out with the revelation of the Serpent Seed, giving us the original profile of the serpent creature. But like we said on Thursday, at the opening message of this Convention, God judged the serpent, and the judgment was also carried on in his seed, in relation to the enmity God placed between them, and

the seed of the woman. And as it stands today, that enmity remains, because the whole of humanity is still made up of two streams of people: God's children, and Satan's children. Period! That is the absolute truth! And if you do not believe or see the truth of the Serpent Seed, you will never be able to understand or explain the various classes of humanity we have in the earth, for strange and terrible things are going on today, on a global scale, particularly in the Japhetic world! That is why in Matthew Chapter 13, Jesus gave us the parable of the wheat and tares, a parable which applies in Christendom, giving us the children of the kingdom, who are the children of God, (referred to as wheat), and the children of Satan, (referred to as tares), who are professing to be followers and lovers of Jesus Christ. But we must ask: Where did the tares come from in the first place? For if there are serpent seeds, and there are also tares in the earth, who are **RELIGIOUS serpent seeds**, according to what Jesus our Master said, we have to ask: Who is there progenitor? Where did they come from, when everything God made in the beginning was good, and the man He created, was also after His righteous

divine image? They have to have a beginning source! They have to have a progenitor, because nothing comes out of the blues! And God Almighty, at the judgment bar in Genesis Chapter 3, not only judged the serpent, He also took that judgment, and extended it to his seeds as well! It is written: ***“And I will put enmity between THEE and the woman, and between THY SEED and HER SEED.”*** So, what are you going to do with the **SERPENT'S SEED?** Saints of God, nothing makes better sense! And that revelation opened up Genesis. Without it, I tell you, you have no clue to what went on in the Garden of Eden, except that you may know that there was a fall. Full stop! If you think it was an apple that Adam and Eve ate, suit yourself! But I will tell you that you are deceived! I say that simply because people are eating apples every day, and yet, they are getting more naked than ever before! The more apples people eat, the more naked they get today! But when, as they say, Adam and Eve ate apples in the Garden of Eden, it caused them to know that they were naked, and they sewed fig leaves to cover themselves! They covered up their

nakedness! So, if apples could open their eyes to their naked bodies in that day, how come the people of the world are walking around in the streets stark naked today, and yet, they are consuming apples on an unprecedented scale, around the globe? And just how can the eating of mere apples make Adam and Eve realise that they were naked, so much so that they covered their private parts, rather than their mouths, if not that the sinful ACT, the forbidden **“FRUIT”**, had to do with sex strictly for pleasure, rather than for reproduction, which opened their eyes to their private parts, taking away their innocence? Exactly! That should tell someone that the religious world are, in the main, following nothing but hand-me-down traditions of men, lacking completely in the divine revelation of God! Period! That is why the Book of Genesis is a closed Book to the religious world! Come out from under the umbrella of deception, and embrace the revealed engrafted Word, and let the true light of Christ shine on you, that it may illumine your heart with the light of life! Open up your hearts to truth!

Brothers and sisters,

about two years ago, God led us back to Genesis, and we considered the serpent creature, when we took a message titled, *The Restoration of The Serpent?* Before then, we used to think that the only thing that remained for us to know about the serpent, was his present day identity. Then the Lord moved us to consider whether he would be restored back sometime in the future, for it was an issue we never considered before, and it was an issue we needed to consider, before moving on to consider his present day identity. However, we also said that the revelation of *THE PRESENT DAY IDENTITY OF THE SERPENT* must and will come, ever before we move into unwritten truth, which we will have in the hour of the seven thunders, of Revelation Chapter 10, verses 1-4. Do you know why? Because the issue of the serpent constitutes part of the written Scripture! Is that right? Yes! It is part of the written Word of God, for it is written in Genesis Chapter 3! It is not an unwritten truth, or an unwritten subject matter; it makes up part of the Canonical Scriptures. And as it is written in the Book of Romans Chapter 15, verse 4: **“For whatsoever things were written aforetime**

WERE WRITTEN FOR OUR LEARNING, that we through patience and comfort of the Scriptures might have hope.” Did you hear that? Whatsoever things were written in the olden days, in God's Holy Bible, beginning in Genesis, Apostle Paul said, **“WERE WRITTEN FOR OUR LEARNING”**; for God does not inspire anything to be written for nothing, but that we, through the knowledge of the Holy Scriptures, may have hope. In other words, God did not inspire Moses to write about the serpent for nothing, or so that it may just occupy some space in the Word of God! God is certainly passing a deep divine knowledge of something to us, if we care enough to appreciate the revealed truth of God. Remember that Moses was not there in the Garden of Eden, when the fall took place in the beginning, for he was not yet in existence! But when he was called into God's divine presence on Mount Sinai, God took him back in time, in a spiritual projection or time travel, right into the Garden of Eden, to see and record the things he recorded. And may I say again, that these things were recorded for our spiritual learning, so that we are not ignorant of the entrance of the devil

into the human society in Genesis, for everything has its beginning. Do not be ignorant! You cannot afford to be ignorant of how the Devil made his entrance in that day, in our beginning, in the Garden of Eden, or you will be very ignorant, spiritually speaking, not knowing anything, and therefore, you will never be able to understand the strange developments we are seeing in the earth today, for the mass of people we see today, in their billions, are nothing but serpent seeds, fodder for burning on the Day of the Lord, for no seed of God will perish, regardless of his class of election. Exactly! This crucial understanding was what motivated Saint Paul, when in Acts Chapter 24, verse 14, he declared: **“But this I confess unto thee, that after the way which they call heresy, so worship I the God of my fathers, believing ALL THINGS WHICH ARE WRITTEN IN THE LAW and in the prophets.”** He was not ashamed to declare that he believed everything written, for he was also inspired and motivated by everything Moses had written in the law, (which gives us the Torah, which are the five Books of Moses, the first five Books

of the Bible, giving us the Book of Genesis, right up to the Book of Deuteronomy), including the truth of the serpent! Hence, in 2 Corinthians Chapter 11, verses 3-4, lifting up the truth of the serpent, and giving that truth its application in the grace age, in order to checkmate the deceptive move of Satan working through his ministers, Saint Paul firmly warned: **“But I fear, lest by any means, AS THE SERPENT BEGUILED EVE THROUGH HIS SUBTILTY, so your minds should be corrupted from the simplicity that is in Christ. For if he that cometh preacheth another Jesus, whom we have not preached, or if ye receive another spirit, which ye have not received, or another gospel, which ye have not accepted, ye might well bear with him.”** Apostle Paul could identify the spirit of the serpent seed preachers in his day, because he was inspired by the truth of the serpent seed expressed by Moses in Genesis! Period! Ignorance kills! Again in the Book of Deuteronomy Chapter 29, verse 29, it is written: **“The secret things”** (which God therefore left out from being written in the Bible), **“belong unto the Lord our God: BUT THOSE**

THINGS WHICH ARE REVEALED”, (WHICH IS WHY THEY ARE WRITTEN), **“BELONG UNTO US AND TO OUR CHILDREN FOR EVER, THAT WE MAY DO ALL THE WORDS OF THIS LAW.”** Period! Brothers and sisters, it is not for nothing God inspired the truth of the serpent to be written. So, I ask: Why will you not want to know why God caused it to be written? Why will you not want to possess this golden truth of God's Word? For it is a serious key to understanding, not only the two main classes of humanity inhabiting this planet today, but it also helps us to understand the two streams of people who make up Christendom! Moreover, why would you not want to understand the true cause of the fall of man, knowing that that is the genesis of all the travails, and heartaches, and troubles we face today? Why would you not want to know the vessel of the fall? How can you fully appreciate redemption, if you do not fully comprehend the fall? And how can you identify the religious serpent seeds, and also keep from being similarly deceived by them, as Eve was deceived by their progenitor, (for we have serpent seeds today

in the earth), if you do not even know the serpent creature revealed in Genesis? Think about it! As I always say: Your understanding of redemption will be limited, if you are also limited in your understanding of the fall! Period! You cannot tell me you have a full understanding of the fall, when you know nothing about the main instrument of the fall! Exactly! And God made sure that the recording of certain deep truths were couched in a figurative or symbolic language, in order to hide the truth it holds from the religious world, for its unveiling is reserved solely for the edification of the elect bride seeds of God, even as it is written: **“But we speak the wisdom of God in a mystery, even the hidden wisdom, WHICH GOD ORDAINED BEFORE THE WORLD UNTO OUR GLORY.”** (1 Cor. 2:7). The hidden wisdom, the mysteries of the Bible, is reserved for our glory. Hence, when speaking concerning the deep revelation of the serpent, in his message titled *The Serpent's Seed*, page 23, paragraph 2, Brother Branham stated: **“God hid it from the eyes of the wise and prudent and promised to reveal it**

to the sons of God in the last days, when the sons of God would be made manifest", (figuratively speaking. Continuing on with the privileged revelation which the end time elect bride possess, he said): ***"When God's sons that rejoiced with Him before the foundation of the world, when the great revelation of the Godhead and things would be brought down in the last days, He would manifest these things to the sons of God. You know the Scripture teaches that. And here we are. That's the reason that God is opening these things to us. God is bringing His sons into manifestation"***, (speaking figuratively). ***"HE'S GOING BEYOND THE LIMITATIONS OF ANY HUMAN KNOWLEDGE, WAY INTO THE SPIRITUAL REVELATIONS, AND BRINGING IT DOWN. Haven't we been teaching in this Bible, "Here's to him that has wisdom"? Not what he learned in some seminary, but what he can learn on his knees before God, and what pleased God to give him: sons of God made manifest."*** It is the hidden wisdom buried in Genesis, which God reserved for the glory of the end time elect bride. I say these things

because people have a very shabby attitude towards the unveiling of anything relating to the serpent. And it is only because they do not realise that the issue of the serpent has to do with the original sin, and hence with the fall of man! It is therefore a very material issue! For we must ask: Why do we need redemption? People will easily reply that it is because man fell. But then we must ask: How did man fall? They will also readily answer that it was the serpent that deceived Eve, bringing about the fall. However, when we also ask, for we must ask: Who was the serpent, the instrument of the fall? Now, they have no answer, for here their understanding of the fall stops! Only the people following the end time Message which William Branham, the Elijah of Malachi Chapter 4, verse 6B brought, will have something to say, for they know by the message of the prophet, that the serpent was an upright creature, the head of the primates, and the closest primate to man. But tonight, brothers and sisters, God is lifting up the bride, in her understanding of the mystery concerning the serpent, thereby setting her apart, not just from the entire Message world, but

from the entire religious world, by the revelation of truth God has just unveiled for her concerning the serpent, removing the last veil covering this creature! And as such, if we are also asked: What is the present day identity of the serpent?, every other person must keep quiet, for as it stands today, only the elect bride of Christ has the answer to this question, for only they have the true understanding of this hidden truth! It is so, because we are the ones following the Lord Jesus in a true continuous divine revelation of the Word, which is why we have been lifted up, way above what the Jackson Movement can ever imagine, for they have also been shut out of the flow of divine revelation, and have been left far behind! The revelatory gap between us and the Jackson Movement is simply phenomenal! And because we care only for whatsoever things are written, is precisely why we care to know what Moses wrote concerning the serpent, for it is for our spiritual edification and adornment! Yes! It is written in Saint John Chapter 8, verse 12: ***"Then spake Jesus again unto them, saying,***

I am the light of the world: he that followeth me SHALL NOT WALK IN DARKNESS, BUT SHALL HAVE THE LIGHT OF LIFE. Why will you then be blind to the truth of Genesis? And if you are blind to the truth of Genesis, just how will you understand the Book of Revelation, which gives us the end? If you do not fully comprehend the beginning, just how can you fully comprehend the end, when the end hinges on the beginning, as revealed in Genesis? Saints of the Living God, if the Lord did not want us to know anything about the serpent, He certainly would not have revealed it to Moses, and caused him to write it down as part of the Canonical Scriptures, to be read by you and me! I say that because the Holy Bible was not written for angels, but for God's children! This infallible fact was what made Brother Branham give a strong warning in *The Seven Church Ages*, page 105, paragraph 3, saying: **“Now let this be known: Scripture does not play with words. WHATEVER IS IN THE RECORD IS THERE FOR THE ANOINTEDEYES TO SEE. IT IS THERE FOR A PURPOSE.”** For God did not inspire His Word to be written in vain! Hence, the

Lord Jesus, in Matthew Chapter 4, verse 4, declared: **“... It is written, Man shall not live by bread alone, but by EVERY WORD that proceedeth”** (presently and continuously), **“out of the mouth of God”**, (giving us the revelation of every written Scripture)! Period!

Church, we must all realise, that the serpent issue forms an integral part and parcel of the written Word! And as such, and as I have been saying consistently over the years, it is certain that the Lord will remove this last veil that covers the serpent, before we move into the unwritten revelation which the seven thunders will bring. But I also stated that only God knows when that revelation will come, for that is the only remaining veil still covering the serpent, and that that veil must and will go! Brothers and sisters, as it stands today, looking through the entire Bible, there is only one question left to be answered concerning the serpent creature, a question which has not been answered before by any man, all through time, and that is *The Present Day Identity Of The Serpent*. I believe tonight with all my heart, and by the grace of God,

that we can answer that question. And to the Branham Movement, I say this: If God could take Brother Branham into the Garden of Eden, to show him the Original profile of the serpent, do not tell me God will leave the end time elect bride of Christ blind, as to his present day profile! Hence, on 28th September, 1958, in his message titled, *The Serpent's Seed*, page 22, paragraphs 5, Brother Branham could rightly and scripturally declare that: **“... THE SERPENT IS THAT MISSING PERSON BETWEEN THE CHIMPANZEES AND THE MAN, 'cause, listen, notice this now, that the serpent was not a reptile”**, (in his original profile). And if God could do that in the hour of the prophet, it only means that more light is to come on that creature, till he is fully unmasked and laid bare, for this is the last church age, and the last junction of time, and more particularly because, he is Satan's chief instrument of the fall, the principal vessel of the fall of Adam's entire race! Hence, I asked earlier on, how can man fall, and not know who caused it? How can man fall, and then ignore the instrument of his downfall? It does not make

any sense! How can man fall from grace into sin, opening up the door for pain and death to come in, on his way to hell, and not know who caused the great fall? My! How can you not know who or what made you fall? Then he can make you fall again and again at will! Because if you stumble on a stone, and you do not look back to see the stone, you will keep tripping on that same stone! When a man stumbles on a stone, he looks back, and he marks that stone! He does! You mark the stone, because the next time you are coming, you are not going to trip on it! So, how can we talk about redemption from sin, and not know the creature that introduced sin to man? My! I am only trying to show you the relationship that the issue of the serpent has with sin and redemption, for they are closely related issues! **For you cannot talk about redemption without talking about sin! And you cannot talk about sin, without talking of the serpent who introduced sin, for they go together!** The serpent issue is therefore a most crucial and material one! You have to have a right attitude towards the Word of God, for you cannot treat this issue as irrelevant, for it is not! Apostle Paul spoke

about the serpent! Apostle John also spoke about Cain, whom he said **“was of that wicked one”**, which is the serpent, and who also speaks of Satan; just as Prophet Moses also recorded the truth of the serpent in his day! Both Old and New Testaments spoke about him, for they both spoke about the serpent! So, brothers and sisters, I therefore beg you: This is strictly a Bible issue, and it is very crucial to our true understanding of what went on in the Garden of Eden, which gives us the fall of man! Because there is a particular culprit that brought about the fall of man, a particular vessel Satan used! Therefore, we must ask: Who is he? I say that because the serpent is not *“abracadabra”*, but he is a reality! As it was not a snake hanging on a tree, saying: *“Eve, Eve, has God said you shall not eat of any tree?”* Nonsense! Absolute nonsense! It is the judgment of God that changed him into a snake! Brothers and sisters, let us now immerse ourselves into the Message of Truth, which is the Holy Bible, **“THE SCRIPTURE OF TRUTH”**. Come with me.

We will take Genesis Chapter 3, verses 1-5 again, which reads: **“Now the serpent was more**

subtil than any beast of the field which the Lord God had made. And HE SAID unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden? And THE WOMAN said unto the serpent, We may eat of the fruit of the trees of the garden: But of the fruit of the tree which is in the midst of the garden, God hath said, Ye shall not eat of it, neither shall ye touch it, lest ye die. And THE SERPENT SAID unto the woman, Ye shall not surely die: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.”

Here we see two creatures of God: One, a daughter of God, Eve, and another creature, called the serpent. They carried on a v o c a l , v e r b a l , conversation right in the garden. However, the serpent creature was able to deceive Eve, for Eve believed the lie of the serpent against the Word of God, and man fell. And right there in Genesis, in the Garden of Eden, a divine judgment was pronounced. The judgment was not pronounced against Lucifer, who is a spirit, a fallen angel; it was

pronounced against a physical creature called the serpent. We must therefore separate this creature from Lucifer, when talking about the serpent, for Lucifer was already a fallen creature, ever before God made Adam and Eve, and ever before God also placed the serpent in the Garden of Eden. For as I said, it was not Lucifer that was judged in the Garden of Eden, in Genesis Chapter 3, it was the serpent! Consequently, we must realise that it was not Lucifer talking with Eve in the garden. Yes, Lucifer inspired the serpent to do what he did, but still, it was the serpent talking or conversing with Eve in the garden, disputing the Word of God with her! Hence, it is imperative that we distinguish the serpent creature from Satan. So, we ask tonight: Who is the serpent? And although I know I am talking to the eagles of God tonight, an elect people who already have a revelation of the serpent, I will still have to open up his original profile, nonetheless, in order to be able to clearly show his present day identity. We have available and free on request, various messages on the serpent in the Scribe magazine, if you are interested. It is also on our website for free downloading. May God help

me tonight. Brothers and sisters, two natural creatures of God talked vocally back and forth in the garden, and argued over what God said, and over what God meant, and what He did not mean. It was not mental telepathy in their communication, but oracular speaking they exchanged, for it was a verbal disputation that took place in Genesis. Unfortunately though, the serpent was able to convince Eve to disbelieve the infallible Word of God. That is precisely why Apostle Paul picked up this Genesis scenario, using it as an infallible basis for saying that a woman is not supposed to preach or teach the Word of God! In 1 Timothy Chapter 2, verses 11-15, he declared: ***“Let the woman learn in silence with all subjection. But I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence.”*** (Now he tells us precisely why, saying): ***“For Adam was FIRST FORMED, then Eve”***, (giving us headship between a man and his wife, which is the first basis of the woman's exclusion from the ministry); ***“AND Adam was not deceived, BUT THE WOMAN BEING DECEIVED was in the transgression”***, (giving us

the second basis of the woman's exclusion from the ministry, which is her susceptibility to deception. But Apostle Paul concluded, saying): ***“Notwithstanding she shall be saved in childbearing, if they continue in faith and charity and holiness with sobriety.”*** Adam knew for certain that they were going to die, if they touched the forbidden figurative fruit, for he was not deceived in the least! He knew the truth! Thus, he was guilty of disobedience, but not of unbelief of the Word! The woman on the other hand, actually believed the lie of the serpent, which was the lie of the Devil, that they would not die, for she was seriously deceived! Hence, she is forbidden from handling the Word of God, or from going into the ministry as a preacher or teacher, in any fold of ministry whatsoever! Period! However, Saint Paul added in verse 15: ***“Notwithstanding she shall be saved IN CHILDBEARING, if they continue in faith and charity and holiness with sobriety.”*** He added that, because the primary trust, or the principal role, or the main responsibility, God entrusts the woman with, (ANY WOMAN for

that matter, particularly those in the faith), and for which she will answer to God, is the care of her home and that of the children! Period! Falling short of this responsibility simply amounts to gross irresponsibility in the eyes of God, for she becomes an irresponsible mother and wife! Exactly! Take it or leave it, the truth is the truth: ***“Let the woman learn in silence with all subjection. But I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence. For Adam was first formed, then Eve. And Adam was not deceived, but the woman being deceived was in the transgression. Notwithstanding she shall be saved IN CHILDBEARING, if they continue in faith and charity and holiness with sobriety.”*** Thus saith the unchanging and infallible Word of God! Fight with it! I re-affirm: The Word of God decrees that a woman is absolutely excluded from going into the ministry, regardless of what any preacher or church organisation says to the contrary! This is not only because Adam was first formed, before Eve, which gives us headship in the home between a man and his wife, (which is the first

basis of her exclusion from the ministry, for it is on account of headship); but also, she is excluded, (and this is the second basis), because Eve was also deceived by the serpent in the Garden of Eden, bringing about the fall of man, for a woman is easily susceptible to deception! Period! That is the absolute truth! Thus, from the beginning, she was not ordained to be out there, fighting with men for positions and jobs, which men would have had in abundance, to enable them to fulfil their role as the sole providers for their wives and family, had the women not left the homes, and taken over the jobs! I better leave that issue as it is. However, the culprit of this horrible deception; the culprit of man's colossal fall from grace; the character who was responsible for Adam's race being sent packing from paradise, was the serpent! This lets us know that the serpent in that day could talk! So, brothers and sisters, you have to see a creature right there, who talked vocally. But he was also an upright creature, although part of the animal kingdom; for in fact, he was at the head of the animal kingdom. Remember, the head of the animal kingdom gives us the primates: Monkeys,

Baboons, Orangutans, Gorillas, Chimpanzees, etc., including ***“the serpent.”*** However, in that day, the serpent was the head of all the primates. (Brother Amos points them out individually on the chart). The serpent was a creature who owed his name to Adam, for Adam gave him his name. Do not forget that Adam named all animals, for God created them as help meets for him, including the serpent. And they are still serving that purpose as we speak tonight, in spite of the enmity which presently exists between man and beasts. So, brothers and sisters, the serpent was an upright creature, and he had a wife, Mrs Serpent, because male and female God made them all. And how do we know that he had a wife, and that his wife was also transformed along with him at the judgment bar? Prophet Isaiah in Chapter 65, saw the serpent in the Millennium, still getting his meals from the dust of the earth! This lets us know that when he was judged, his wife was also judged along with him, so that they could continue to reproduce themselves, and carry on their kind, in order to continue to be in

existence through their offspring, who will be in the Millennium. But let us plunge straight to the Judgment Bar. Come with me to Genesis Chapter 3, verse 13, which states: ***“And the Lord God said unto the woman, What is this that thou hast done? And the woman said, The serpent beguiled me,”*** (meaning that the serpent deceived me), ***“and I did eat. And the Lord God said unto the serpent...”*** For God did not allow him to talk at all: ***“And the Lord God said unto the serpent, Because thou hast done this, thou art cursed ABOVE ALL CATTLE...”*** Hold it right there, church. That judgment gives us nothing but a reversal of roles, a reversal of position. Remember, in verse 1, the Bible says: ***“Now the serpent was MORE SUBTIL THAN ANY BEAST of the field which the Lord God had made...”*** In other words, the serpent was the most advanced of all beasts God created in that day! Come on! That is what that statement implies, for Moses wrote by divine inspiration of the Lord, in God's divine presence on the mount! Just look at the word ***“subtil”*** which Moses used in this verse, in reference to the serpent, for

it really means deception. It stands for subtlety; smartness; craftiness. Brothers and sisters, no beast or animal can be subtil in this regard, without that beast having the ability to communicate his deception, for it is with respect to another party, who is a human being, for the subtlety is speaking plainly of crafty deception! Period! Hence in verse 13, Eve stated that ***“The serpent BEGUILED ME”*** (or deceived me), ***“and I did eat.”*** This lets us see without any shadow of doubt, that the subtlety of the serpent stated in verse 1, truly means deception, for that is what it means in reality! Consequently, it absolutely means that the serpent had an oracular ability, the ability to speak explicitly or plainly, and intelligibly, for him to have succeeded in swaying Eve into believing a blatant untruth! This fact therefore lets us know that the serpent also had a high level of intelligence, for that is precisely what his level of subtlety connotes, thus giving us an advanced beast! Just look at the power of his arguments; the reasoning ability he possessed! Consider the power of his disputation of God's Word, and his ability to explain it away! Eve believed it, hook, line, and

sinker! He certainly had great oratory power, and a high level of intelligence, so much so, that he could sway a daughter of God! My! And Eve believed a blatant lie, because of the persuasive and high reasoning ability the serpent possessed, for he had a high level of intelligence! If you lack intelligence, your arguments will be very puerile, very weak, and unsuccessful; your arguments will be very empty, and people will look at you with disdain, because you will be talking like a little baby! Exactly! I say that because there are people, when they are arguing, you just look at them, thinking: *“Is this person for real? Is he on this planet?”* Because their arguments sound downright stupid or silly! And you wonder, *“You are talking like a two year old”*, because of the very low level of intelligence that his arguments are conveying! But take a look at the most compelling and logical controverting of the Word of God by the serpent! Consider the power of his arguments, as he disputed the Word of God by reasoning it away, as it is written in verses 1-5: ***“... And he said unto the woman, Yea, hath God said, Ye shall not***

eat of every tree of the garden? And the woman said unto the serpent, We may eat of the fruit of the trees of the garden: But of the fruit of the tree which is in the midst of the garden, God hath said, Ye shall not eat of it, neither shall ye touch it, lest ye die. And the serpent said unto the woman, YE SHALL NOT SURELY DIE: FOR GOD DOTH KNOW THAT IN THE DAY YE EAT THEREOF, THEN YOUR EYES SHALL BE OPENED, AND YE SHALL BE AS GODS, KNOWING GOOD AND EVIL. Just look at that reasoning power which he exemplified or displayed! Just consider the powerful arguments he produced, giving Eve intelligent reasons why it cannot be what God said, and he persuaded Eve to believe his lie, and disbelieve the Word of God! That was why Eve told God: ***“The serpent BEGUILLED ME!”*** In other words, ***“The serpent DECEIVED ME!”*** You are looking at literal deception, and not mental telepathy! Come on! Apostle Paul picked it up in his writings, and warned, saying: ***“As the serpent deceived Eve, I fear, lest Satan also beguile you also, from the simplicity of the Gospel, into another gospel!”*** Brothers and sisters, it is firmly

established that the serpent was a highly intelligent creature in that day. Thus, certain fundamental and incontrovertible facts or attributes emerge, from what we have seen so far of the serpent, and that is this: That verses 1-4 of Genesis Chapter 3, taken together with the defence of Eve in verse 13, gives us a creature that could talk, vocally, and a creature with a high level of intelligence. That is scripturally established. When we now take the judgment pronouncement God made in verse 14, we see nothing but an upright creature, not one on all fours, (walking on his hands and legs), as in baboons and monkeys, for it is written: ***“And the Lord God said unto the serpent, Because thou hast done this, thou art cursed ABOVE ALL CATTLE, and ABOVE EVERY BEAST of the field...”*** Brethren, this gives us nothing but a reversal of role, or a reversal of the serpent's position within the entire beast family, just as earlier stated! One who had always been at the head of the animal kingdom, is now placed at the bottom of the ladder. The next clause in that verse confirms this fact, for it also shows that the profile of the serpent

was not as a snake, in his original estate, as God added: ***“... UPON THY BELLY SHALT THOU GO”***, (who was once standing and walking upright, and who did not have to crawl like a snake), ***“and dust shalt thou eat all the days of thy life.”*** Saints, this verse vindicates the truth that the serpent in his original profile or physical form, was an upright creature, and at the head of the animal kingdom, being the head of the primates, for it was the judgment of God in the garden that transformed him, turning him into a reptile. Full stop! Now his position is reversed to be placed at the bottom of the ladder! Therefore, it is crucial that we see that originally, the serpent was not on all fours like a baboon, or like a chimpanzee, or a gorilla, and neither was he a crawling reptile, as the carnal religious world would have us believe. Are you with me? He stood upright, and he walked upright, and he could also talk intelligibly, being a highly intelligent creature, looking more like a man, than an ape, in physical stature, because he was the head of the primates! Yet, he was not a son of God, for he was only part of the animal creation in

the garden, though the most advanced beast God has ever created. Adam gave him his name, because he was Adam's servant. God took Adam's servant at this judgment hour, and turned him into something else, still within the beast creation. What specie of snake did God turn him into? We will see that shortly, for that is what this message is about. Nevertheless, when we look at the serpent revealed in verse 1, we are looking at the head of the primates. He gives us a type of the prehistoric man, for he was exactly like the Neanderthal man, whose bones or remains archaeologists are excavating every day. They can tell us they have been here for millions of years. Well, we have scriptural news for them: Since God put Adam and Eve here on this planet, we have only been here for about six figurative days of six thousand years. The seventh day is the Lord's Sabbath, which is the Millennium. So, man has only been in occupation of the earth for about six thousand years. As a result, if they are finding bones of men, and are scientifically proving that these bones have existed for millions of years, it is certain that they are not the sons of God, but are like the Neanderthal men, or like the prehistoric

men, who were not sons of God, but were strictly only part of the animal creation, in the Eden of Angels, which God judged and wiped out of existence, before He introduced the hour of Adam and Eve; for the earth has been here for untold millions of years, ever before we got here. And it is right there in Genesis Chapter 1, verse 1, as it is written: **"IN THE BEGINNING God created the heaven and the earth."** Saints, that statement is a timeless expression, which takes in the prehistoric era, when we had the dinosaurs, at a time when planet earth was an animal planet. But between verse 1 and verse 2, something happened, because when we come to verse 2, the earth God created in verse 1, was now in a chaotic state, just as it is written: **"And the earth was WITHOUT FORM, AND VOID; and darkness was upon the face of the deep..."** So, we must ask: What brought about the chaos? It was the divine judgment God unleashed on the prehistoric world, bringing out the dinosaurs completely from existence, including the prehistoric men, who, as I stated before, were not sons of God, but were strictly part

of the animal creation! Brother Branham said, that Genesis Chapter 1, verse 1, gives us all the ages you can think of, before man's era, which certainly takes in the prehistoric world! Hence the reason God commissioned Adam and Eve in verse 28, saying: **"... Be fruitful, and multiply, and REPLENISH the earth..."** In other words: **"REFILL the earth"**, for the earth had once been filled; but its inhabitants were wiped out before Adam's era, thus necessitating a refilling of the earth! Raymond Jackson was used of God to lay out the beautiful truth of the Prehistoric Era, in his message titled, *The Testing And Fall of Satan*, an era when the angels were tested. We have covered the message in the Scribe message titled: *Genesis: The Eden Of Angels*. But as I have been stating, in the prehistoric era, within the animal kingdom, there was also the prehistoric man, who was very much like the Neanderthal man, and who was part of the animal creation, but was at the head of all the animals, being the most advanced specie of beast that God created in that day. So, brothers and sisters, we

know with scriptural certainty, that we have only been in occupation of the earth, for only about six thousand years. The next thousand years is the seventh day: It is the Lord's Sabbath. And the eighth day is eternity, which is a new beginning: Endless, ageless, timeless, a world without end. That is eternity! But church, the prehistoric man called the primitive man, who looked just like Adam and Eve in his physical profile, for he was an upright creature, one who stood upright, and walked upright, have been here for millions of years, in the belly of the earth. They were at the head of the animal creation, being the highest form of animal life. That is the kind of creature God reproduced in the hour of Adam and Eve, and it gives us the serpent. Thus, we must realise that the serpent is a type of the prehistoric man, who was part of the animal kingdom which God judged in the days of the dinosaurs. The serpent was, as such, the head of the primates, looking closer in physical profile or stature to man, than to an ape. That is why the scientists think we evolved from apes, because they can see the physical affinity or physical closeness between man and apes. But we did not

evolve from apes, contrary to what Charles Darwin believed and taught! We are a peculiar specie of God, the crowning glory of His creation! He calls us little gods! Halleluiah! Brothers and sisters, but because we are little gods, even though still under the curse of sin, just look at what man can do! Even God had to come down! He said to His angelic helpers in Genesis Chapter 11: *"Let us go down and see this tower of babel men are building on earth, for whatever man has set his heart to do, nothing can stop him from accomplishing it."* God had to come down! Why? Because we are little gods! We are the crowning glory of His creation, being sons and daughters of Almighty God! In his message titled, *The Serpent's Seed*, which we quoted earlier, page 22, paragraphs 5-7, William Branham declared: *"... The serpent is that missing person between the chimpanzees and the man, 'cause, listen, notice this now, that the serpent was not a reptile. He was the most subtil of all the beasts of the field. Now, I went and got dictionaries today from everywhere to look up this word, what the word of "subtil" meant. It means "to be smart; to be*

crafty." ***And the best interpretation of the Hebrew from "M-a-h-a-h": "Mahah" means "having a true knowledge of the principles of life."*** ***Now, let's watch this just a minute. He's smart, crafty. Yet he's called the serpent. But remember, he was the smartest thing there was, and was more like the human being than anything else that was on the field; closest to a human being. He was not a reptile. The curse made him a reptile..."*** Then on page 24, paragraphs 2-5, the prophet laid out his prehistoric physical profile, stating: ***"Now, watch the serpent, this serpent which was first. Let's draw a picture of him now. HE'S A GREAT BIG FELLOW. He's between the chimpanzee and the man. And the devil, Lucifer, knew that that was the only blood"*** (animal blood), ***"that could mix with this human blood. The only person he could deal with..."*** (In other words: Satan could not use any other beast for his evil plot, except the serpent. He was the only beast Lucifer could use, to get seed to himself, vicariously. Brother Branham

continued): ***“He couldn't deal with the chimpanzee. That blood wouldn't mix. He couldn't deal with different things. He couldn't deal with the sheep. He couldn't deal with the horse. He couldn't deal with any animal. He had to deal with this serpent. Let's take him now and see what he looks like: Great big fellow, PREHISTORIC GIANT. That's where they find these big bones”*** (of prehistoric men), ***“and I'll show you this in the Bible. Now, watch closely then. All right. This great big fellow, let's say he was ten foot tall, great big shoulders, LOOKED JUST LIKE A MAN. And his blood, after coming down... They kept getting higher blood, higher form of life, higher form, till it climbs up into the man realm. But the last connection here between here”***, (that is, between man and beasts, in the gradient of creation), ***“was cut off. How many knows that science can't find the missing link? All of you know that. Why? Here he is, the serpent. He was a great big fellow...”*** The scientists will never find him because God transformed him, and put him in the reptile family, at the judgment bar, in the Garden of Eden. Brothers and

sisters, the prehistoric man is what God reintroduced as the serpent in the days of Adam. He is part of the animal creation, one who could walk and talk just like man, for he looked just like man, being the most advanced beast there ever was, and there ever will be! Hence it is written: ***“Now the serpent was more s u b t i l ”*** (or more advanced) ***“than any beast of the field which the Lord God had made”!*** Period! The ability he had, enabling him to literally sway Eve into disbelieving the direct and plain Word of Almighty God, proves his advanced state, for he was certainly an intelligent being, above any beast we have ever known! Argue with that! He had to have this level of intelligence and vocal ability, in order to be Adam's servant, for that was what he was! However, God took away Adam's personal servant cum gardener. That is why God told Adam at the judgment bar in Genesis Chapter 3, verse 23: ***“Therefore the Lord God sent him forth from the garden of Eden, TO TILL THE GROUND from whence he was taken”***, bearing his punishment. Well, the truth is this: If he had been tilling the earth before by himself, what was the use of making that

his punishment? What kind of punishment would that be, unless he had not been tilling the ground by himself, prior to this judgment and expulsion? For instance, let us say that you are the filing clerk in your place of work, and you have committed a great offence, and your boss says: ***“I am going to punish you today, and so, from today, you will be carrying files, and filing them in the cabinet.”*** You will only smile and say ***“Thank you sir”***, because that is your regular or normal job! You will know he is only joking with you, for that would be no punishment! To be saddled with what you do every day is no punishment! Come on! Consequently, brothers and sisters, the fact that God told Adam at that judgment bar in verse 19: ***“In the sweat of thy face shalt thou eat bread, till thou return unto the ground...”***, coupled with the declaration of verse 23, which states: ***“Therefore the Lord God sent him forth from the garden of Eden, TO TILL THE GROUND from whence he was taken”***, lets us know undoubtedly that Adam did not till the earth by himself, prior to this judgment! Common sense will tell you he did

not do it by himself, otherwise the judgment of God would be meaningless, and it would amount to a big joke! So, we have to ask: Who did it for him? It was the serpent! You have to read between the lines! That was why he was made an upright creature, and that was also why God gave him his intelligence, and the ability to carry out a vocal conversation, for he had to be able to talk intelligibly, in order to enable him to understand whatever instructions Adam gave to him, and also be able to report back and say, "Sir, I have done it, and it is doing just fine", and they can relate back and forth! Do not forget, on the full authority of Genesis Chapter 2, that all animals, including the serpent, were created to be a help to Adam, in one way or the other, even as verses 18-20 confirms: ***"And the Lord God said, It is not good that the man should be alone; I will make him AN HELP MEET FOR HIM. And out of the ground the Lord GOD FORMED EVERY BEAST OF THE FIELD"***, (including the serpent), ***"and every fowl of the air; and brought them unto Adam to see what he would call them: and whatsoever Adam called every living creature, that was the name thereof. And Adam***

gave names to all cattle, and to the fowl of the air, and to every beast of the field." The difference in the ***"help"*** relationship the serpent creature gave Adam, above all other beasts, was that he was Adam's personal servant! But what did God do at the judgment bar to this creature, who stood upright in his physical profile like a man, and who could walk, talk, with a high level of intelligence, perfectly understanding the nature of plants, and the chemical properties of the soil, enabling him to be a proficient servant-farmer for Adam? Remember, he was not a snake in his original profile. I ask again: What did God do to him? Genesis Chapter 3, verse 14A gives it to us, for it records: ***"And the Lord God said unto the serpent, Because thou hast done this, thou art cursed ABOVE ALL CATTLE, and ABOVE EVERY BEAST OF THE FIELD..."*** Why did God say that he was cursed above all cattle and beasts? Because the serpent himself was a beast! You cannot compare two incompatible things! I cannot look at you tonight, and say: ***"I curse you above all the fishes that are swimming in the sea."*** You will have to take me to Aro

Mental Hospital, because there is no synonym, no relationship, between a man and a fish! You could say, ***"I swim LIKE a fish."*** Are you with me? You can say that, for in that case, you are only using an attribute of a fish to describe the ability I have, to also swim as fish do! Period! But I cannot look at you and say: ***"Thou art cursed ABOVE EVERY FISH THAT IS IN THE SEA"***, just as God said: ***"... thou art cursed ABOVE ALL CATTLE, and ABOVE EVERY BEAST OF THE FIELD..."*** You would have to be a fish for anyone in his right thinking mind to say that to you. Otherwise, people will look at me, and say, ***"Are you alright? Or is something wrong upstairs?"*** Because there is no synonym or relationship in that; there is no basis for saying that, if you are not a fish! Therefore, brothers and sisters, the very fact that God said to the serpent: ***"You are cursed above all cattle, and above every beast in the field"***, absolutely lets us know that the serpent was himself a beast; and common sense will let you know, that he was part of the animal kingdom! He was a beast, but at the head of the animal

creation, being the most advanced beast. That is why Genesis Chapter 3, verse 1, is only speaking figuratively, for it only gives us the highest form of animal life there ever was! And as it stands today, there is no beast like him, and there never will be! Period! So when we consider verse 14 very closely, we have to see that God simply reversed his role. If God made it plain in the way it is recorded, or in its language construction, why would we need the revelation of God in order to understand it? Every idiot will know it! And what would be the difference between seeds and non-seeds, when it comes to understanding the deep things of the Spirit of our God, if divine revelation does not make the difference? Therefore, the Word of God had to be couched in such a way that it throws off the so-called doctors of divinity, professors of ignorance, and the theologians of this world, that by divine revelation, God may open up the precious hidden truths of His Word, to His elect seeds! Yes! The disciples asked Jesus in Matthew Chapter 13: *"Why do you speak in parables?"* He said unto them: *"Because it is given only unto you to know the mysteries of the kingdom of*

God. But to them who are without, it is not given. Therefore speak I to them in parables, in order to hide the truth, and I use revelation to give it to seeds!" Verses 10-17 confirms that! More importantly, brothers and sisters, we must realise that **GENESIS IS THE SEED CHAPTER**. Therefore, we must realise that every Tom, Dick, and Harry cannot go there to lay out the truth, and neither can every so-called doctor of divinity unveil the mind of the Spirit of God, for they are spiritually discerned! And if I may ask: Just how can any man be a Doctor of God? That is silly! It is a silly degree to have: Doctor of Divinity, Doctor of God! My foot! How silly men can be! Professors of ignorance! No wonder they do not know anything about the Bible, except the vain philosophy and vain theology they carry about, that is not worth two cents! But we are following Jesus Christ, strictly in a divine revelation of the Holy Scriptures. You know why? Because we are the elect bride of Christ! We are eagles, not chickens! That is why! It is the grace of God, and we give God the praise! Amen! But I must re-emphasise that the Book of Genesis, being the Book of the beginning of

everything in the universe, is a deep Book, deep in mysteries of the beginning, for it is the Seed Chapter. That is why the prophet to this age often stated, that in the entire Bible, there are two Books that Satan hates the most, and that is the Book of Genesis, and the Book of Revelation. It is simply because one shows or unveils his beginning, and the other shows or reveals his end, and he does not like that! He would rather keep us ignorant of his genesis, and also of his certain end, for in that way, he can elude us in his moves, knowing we are very ignorant, or very limited, in our understanding of him! But as the Master promised: **"... IT IS GIVEN UNTO YOU" (ELECTS) "TO KNOW THE MYSTERIES OF THE KINGDOM OF HEAVEN, but to them"** (who are non-elects), **"it is not given."** Amen! (Matt. 13:11). It is also written: **"...THE WISE SHALL UNDERSTAND"!** (Dan. 12:9-10). It is further written: **"Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life."** (John 8:12). Amen.

Brothers and sisters, I trust by God's grace, that we have sufficiently and successfully laid out the serpent creature revealed in Genesis, and that we can all clearly see the serpent in his original upright profile. But let us now look at what God did to him at the judgment bar, in Genesis Chapter 3, as verse 14 records: ***“And the Lord God said unto the serpent, Because thou hast done this, thou art cursed above all cattle, and above every beast of the field...”*** (God said that only because he was part of the beasts of the field; part of the animal creation. But now watch verse 14B, for God now added): ***“UPON THY BELLY SHALT THOU GO”***, (evidencing the absolute fact that the serpent never crawled on his belly before this pronouncement was made. In other words, the Lord decreed: *“From today, you will be crawling on your belly as a snake”*, for that is precisely what God meant! And now judged to become a reptile, God concluded): ***“AND DUST SHALT THOU EAT ALL THE DAYS OF THY LIFE”***, for out of the dust of the earth in which he crawls, he will be getting his food! Deformation took over instantly, for he was instantly transformed into a

crawling reptile or snake! In all the years of his learning, it is very obvious that Richard Gan of Singapore never read this verse of Scripture before, or he would not be peddling the junk he laid out in his most carnal book titled, *RELIGO*, for he said that the gigantic physique God gave Cain as his ***“mark”***, was by gradual transformation. I show you Richard Gan's philosophy! Mr Gan, let me ask you: How many years did it take for the serpent in the garden to transform? Brothers and sisters, right there in God's divine presence, the serpent was transformed in a matter of seconds! When the God of life, the Creator of all flesh, spoke the Word, right there and then, the serpent man was transformed. But in real essence, the transformation he had was actually a deformation! He was transformed and deformed into a snake, and he began to crawl for the first time in his life! The judgment was what transformed him, and made him crawl! He never crawled before this point in time! That should let you know that he was not a snake before the fall of man! He was certainly not a snake hanging on a tree, calling out to Eve, as these carnal preachers would

have us believe. How ridiculous people can be! And how silly! But we were also silly, until the light came. It is just the grace of God that makes the difference in our lives, for we too were very silly in our outlook to the Scriptures, until the true light came; for we heard a voice, a scriptural voice, a voice which the end time Elijah bore, for the universal bride of Christ! Thank God for His marvellous grace! What a world of difference it makes in our understanding of the Word of God, and in our walk with the Lord Jesus! Glory to God for His immeasurable love and mercy! What a light we now have! (Brother Amos sings a chorus):

*I saw the light,
I saw the light,
No more darkness,
No more night;
I am so happy,
No sorrow in sight;
Praise the Lord,
I saw the light.*

Halleluiah! Brothers and sisters, it is the judgment that changed the profile of the serpent. Let us therefore throw away our traditional ways of looking at truth. Let us throw away every hand-me-down

tradition we have received in the carnal religious world. It was the judgment God instituted in Genesis Chapter 3, verse 14, which changed the physical profile of the serpent creature. Before that, he stood upright on two feet. He was closer to man in physical appearance, than a chimpanzee. He is the missing link the scientists are looking for in the chain or gradient of creation, the only beast whose blood could mix with that of man. They are excavating every historical site they can lay their hands upon on the planet, looking for the missing link in the gradient of creation, between man and the primates. However, they are looking in the wrong places! Hence the prophet declared that they will not find him! In the message titled, *The Serpent's Seed*, page 23, paragraphs 6-7, right through to page 24, paragraphs 1-2, the prophet stated: **"... There's some blood here"** (of a particular beast which could mix with man), **"and they can't find the animal. Oh, hallelujah! I'm getting to feel religious right now. Notice. Why? GOD HID IT FROM THEM! There ain't a bone in a snake that looks like a human bone. He"** (God) **"put the thing so far away that it couldn't be**

discovered by smart men... See? He can't come through that. It's got to come by revelation. "Thou art the Christ, the Son of the living God... Upon this rock I'll build My church, and the gates of hell can't prevail against it": spiritual revelation. How did Abel know to offer a lamb instead of Cain offering the fruits of the field? IT WAS SPIRITUALLY REVEALED TO HIM. You don't get it by seminaries. You don't get it through denominations. YOU GET IT FROM HEAVEN." Consequently, if you are going to look for the serpent, the missing link, you have to look for him within the reptile family, for that is precisely where he is! Exactly! In the Book of Genesis Chapter 3, verse 14, Almighty God pronounced a physical life transforming judgment, and we must stay with that, in order to know precisely what the serpent was changed into, even as it is written: **"And the Lord God said unto the serpent, Because thou hast done this, thou art cursed above all cattle, and above every beast of the field; upon thy belly shalt thou go, and dust shalt thou eat all the days**

of thy life." Brothers and sisters, I repeat: In the beginning, the serpent creature was not a snake. He did not wriggle in the earth. I show you Genesis Chapter 3, verse 14! It is the judgment that deformed him, and turned him into a snake. God simply took a creature that was at the head of the primates, and put him at the bottom of the ladder of the beasts! The highest form of animal life ever produced by God, was put at the bottom of the beast chain. And from that day, wriggling in the earth is the serpent, transformed permanently into a snake, and he was transformed into one of these snakes. (Brother Amos now points to the chart). Is it the Anaconda? Is it the King Cobra, or the Black Mamba? Is it the Puff Adder, or the Viper? Is it the green Grass snake, or the Python? Is it the Rattle snake, or the Boa Constrictor? Which one of them is the original serpent? According to Wikipedia, currently, there are **"more than 20 families... comprising about 500 genera and about 3,400 species"** (of snakes). **"They range in size from the tiny, 10 cm-long thread snake to the Reticulated Python of up to 8.7 meters (29 ft) in**

length.” It means in essence that there are myriads of species of snakes! Which one is the serpent? God took the prophet to this age into the garden, to see the serpent in his original profile. Tonight, the same Spirit of God that was in the prophet, is in the apostolic ministry, and is taking us back to the same garden; because the head of the New Testament ministry are apostles. I will remind you, brothers and sisters, that every New Testament Scripture, from the Book of Matthew, right up to the Book of Revelation, which is the last Canonical Book of the Holy Bible, which gives us the greatest prophetic Book of all, that is, in the entire Bible, came by the order of apostles. Hence, in 1 Corinthians Chapter 15, verses 51-52, Apostle Paul proclaimed: **“BEHOLD, I SHEW YOU A MYSTERY; We shall not all sleep, but we shall all be changed, in a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed.”** (Brother Amos begins to sing):

*I'm going higher, yes I am;
I'm going higher someday;
I'm going higher, yes I am;*

*Going to Jesus to stay;
I'm going above the shadows;
Into the presence of God;
Into the presence of Jesus;
I'm going higher someday.*

Halleluiah! I am so happy that we are one of them. It is so good that we are one of them. Look at the eagles calling, and the chickens are wondering, *“What is happening to these people? Why are they so happy?”* Halleluiah! We are eagles of God, bearing an eagle anointing, in an eagle age, powered by the Spirit of the Continuous revelation of the flying Eagle! The bride is moving on in the light of God! For the anointing that is packing the elect bride of this end time, in this last age, is not that of a stationary eagle; it is the Spirit of the flying Eagle Beast, a Beast in constant and continuous revelatory motion! When God brought the prophet on the spot, in this last age, we took off from the ground, into the clouds of heaven, and I want you to know tonight, that indeed, as Brother Enoch Onyebuoha titled one of his books, ***“THE EAGLE IS STILL FLYING”!*** Halleluiah!

It is the judgment that changed the profile of the serpent, for he lost

everything, except his life. His profile was changed from that day for good! And when that transformation happened, there were only two people that saw the serpent and his wife transform. Who were they? They were Adam and Eve! Because it was right there in the garden, in their very presence, and before their very eyes, at the judgment bar recorded in Genesis Chapter 3, that the transformation took place! As Adam and Eve were looking at the serpent, before their very eyes, he was instantly transformed in a matter of seconds, and deformed into a snake. His wife also immediately followed suit, for the same judgment fell on her. As stated earlier, Isaiah Chapter 65 lets us know that the serpent will be in the Millennium, and even in the Millennium, he still remains as a snake, because Prophet Isaiah saw him still crawling in the earth in that day, as a snake, looking for food, just as it is written in verse 25: ***“The wolf and the lamb shall feed together”,*** (for the wolf will not eat the lamb), ***“and the lion shall eat straw like the bullock”*** (or like the cow): **“AND DUST SHALL BE THE SERPENT'S MEAT. They**

shall not hurt nor destroy in all my holy mountain, saith the Lord.” This Scripture lets us see that the serpent will be in the Millennium, not in his original profile, but in his present day judged state. But the question is this: How would the serpent be in the Millennium as a snake, except God also judged his wife along with him, and also transformed her into a snake, that through her, he may preserve his seed, reproducing himself, so as to enable him be in the Millennium? Exactly! Therefore, we must see that Mr and Mrs serpent were judged together. And as Mr and Mrs Serpent were wriggling away as newly formed snakes, by the eye of faith, I can see Eve looking at the serpent with enmity, saying in her heart: *“You horrible creature... You deceiver... It serves you right!”* Remember, God had spoken enmity between the serpent and Eve, declaring: ***“And I will put enmity between thee and the woman...”*** Anger and hatred began to swell up within her, knowing he deceived her, and brought her to that fallen state. Now, where before there was a “love relationship”, there was anger and hatred, for the enmity was now at work. But God also said: *“No, the enmity will not stop with you*

and the serpent, I will also extend it to exist between your seeds.” To cut a long story short, brothers and sisters, that day, the Serpent and his wife, having been transformed into a snake, wriggled away into the bush. I can see another day, as Adam and Eve were walking through the vegetation, they saw the serpent, and they said: *“Oh, that is the serpent over there, crawling away.”* They knew who he was, in his present day identity, amongst all the snake species, and they could certainly identify him any day thereafter, because he transformed in their very presence. Moses was much later dealt with in a supernatural revelation, to pen down the record of Genesis, placing the transformation of the serpent as a mystery, in the written Word of God. And in this last age, here came the Spirit of God. He took the end time Elijah prophet in a spiritual vision, back into the Garden of Eden, a man who was used to re-establish the foundation of the truth of Christ, necessary for the re-establishment of the end time fathers of faith, who are the end time apostles. He was brought back to the very beginning, into the hour of innocence Adam and Eve enjoyed before the

fall, and was shown the original serpent, in his original profile, in order to open the door of divine accessibility to the Book of Genesis, for the end time elect bride of Christ. As I stated earlier, he came back with the revelation of ***THE SERPENT SEED***, and with the revelation of ***THE ORIGINAL SIN***. Church, this is precisely where the light of his revelation stopped, in relation to the serpent. But today, in Year 2013, the Spirit of God is taking us back to that same garden setting. And you say: *“Brother Amos, but you are not a prophet.”* But I am an apostle! I am an apostle of Jesus Christ, through the sovereign elective choice of God the Father, for that is precisely what I am; an apostle! If you have problems with that, I do not care for you. You should be able to see the fruits of something, if your heart is right, and if you truly love the Lord and His Word. After all, every apostle in the Bible declared who they were, for no man will be ignorant of the precise office he holds in the ministry, for this is not *“abracadabra”!* Apostle Paul started virtually all his epistles, plainly declaring: ***“Paul, CALLED TO BE AN APOSTLE of Jesus***

Christ through the will of God... **"Paul, an apostle of Jesus Christ..."** So, what makes it wrong today to say one is an apostle, if one really is? What made their confession right, and mine wrong? What made theirs humble, and mine arrogant? What am I expected to tell you that I am, ministry-wise? If you ask me of my natural profession, will I tell you that I am a carpenter, or a bricklayer, when I am not? Will I not tell you that I am a lawyer by earthly profession? I will not tell you I am a Medical Doctor. If I did, Sister Hephzibah will say: *"No, Brother Amos, you are not!"* I say that simply because her medical work is like that of a surgeon, for she performs surgery. So, I cannot tell you that I am a surgeon, when by earthly profession, I am only a lawyer. It is not pride to say you are a lawyer, and neither is it pride to say you are a doctor or an engineer, nor is it pride to say you are a teacher. That is just your profession! And when it comes to the ministry calling, it is not *"abracadabra"* either, for everyone receives a precise ministry calling! So, if you can say you are a pastor, what makes it bad for me to say I am an apostle? Because it is a fivefold ministry! Is it angels

that will make up apostles? And is it a fourfold ministry you see? The whole of the New Testament Scriptures were brought by apostles! The greatest prophetic Book ever, the Book of Revelation, came solely by an apostle! So, why would the revelation of **THE PRESENT DAY IDENTITY OF THE SERPENT** take a prophet, when the original New Testament apostolic ministry order is back? I said the original order of preserving the church is back, for they are the inspired writers, custodians, and guardians of the true faith of Christ, and the head of the entire Ephesian original ministry! Saints of God, as I stated earlier, that you may know that the revelation of Jesus Christ is Continuous, and hence, that it is continuing tonight as we speak; that you may know that the light of Christ is progressive, and that Jesus is alive, and he is revealing himself to his bride in the inner engagement chamber; and further, that you may know without any iota of doubt, that this is the last junction of Gentile time, being God's last move for the elect bride, God must open up the Holy Bible, in order to give us the knowledge of the outstanding mysteries relating to our fall and redemption, and hence

remove the last veil covering the serpent, the principal vessel of the fall of Adam's entire race. There is a veil still covering **THE PRESENT DAY IDENTITY OF THE SERPENT**; but tonight, I am here to let you know that God has removed that veil. A hidden truth of old; a mystery that God left buried in the pages of the Bible from the very beginning, has been opened up tonight. I am talking of a revelation of God that has been concealed for about six thousand years! It is a mystery that is almost as old as man's existence on planet earth! Let us now unmask the serpent, Satan's principal vessel of our derailment. May the Lord help me tonight.

For the sake of our visitors, however, let me say in a nutshell, that by the grace of God, I have been able to establish tonight the profile of the serpent, as he stood in his original upright estate, before the judgment fell. I have also shown you by the Scriptures, that when the judgment fell in the garden, he became a reptile, a snake. And on my chart, I have only given you a few snakes; but there are actually thousands of reptile

species. So we ask the one main material question: Which one of them is the serpent, for I must have him here somewhere, seeing that the veil has been removed, and we are here tonight to identify him? This is where I have to warn you again; and please pay attention now, as we move up a notch. Revelation does not give you what is not there in the written Word, for every truth must have its basis in the written Word. The only thing is this: When it comes to certain mysteries of the Bible, because it is so deep, God hides the truth of it, and buries it in what I will call spiritual fossils, leaving a little clue here, and a little clue there, in the Word of God, so that when the hour comes for Him to make it known, He just turns His light on that little scriptural clue, and you begin to see the writings between the lines, as the revelatory dots begin to connect, and a perfect picture begins to form, and you wonder, *"Wow, Why did I not see that before! I should have seen that!"* It is because revealed truth is so simple! The picture comes together beautifully, and it makes perfect sense; absolute sense! I say that because if we truly have the revelation of *The Present Day Identity Of The Serpent*, we must be

able to produce that revelation scripturally, even though there is not one verse of Scripture that tells us expressly that the serpent is a particular snake. But the clue must still be left there in the inspired Word, nonetheless, to vindicate the revelation God gives. I am talking of scriptural clues, because even in his original profile and judgment, God did not allow the serpent creature to be couched (or written) in plain language. It is couched in mystery, and hence buried in mystery! So, the unveiling will have to give us scriptural clues, the evidence of something that is conclusive, scripturally conclusive. In short: God does not need to put the name of the particular snake in the Bible, in order to let us know who constitutes the original serpent. It is like the religious world. Tell them about the promise of Elijah of Malachi Chapter 4, verse 6B, that it is William Branham, and they will immediately say: *"Okay, give me the Bible for it. Where does the Bible say it will be William Branham? Give me where it is so written."* Come on! Get real! Then I ask you, when Jesus was here, the New Testament had not yet been established. The

scriptural reference in that day was the Old Testament writings, for Jesus was born under the Old Testament, and he also lived and died under the Old Testament, which gives us the law. Hence, the scriptural point of reference in the earthly days of Jesus Christ was the Old Testament. I then ask: Exactly where in the Old Testament was the name of Jesus mentioned? Tell me! It was not stated at all! Why? It is simply so, that his knowledge may be strictly by divine revelation from God! Period! Consequently, if anyone can show me where the name of Jesus Christ is written in the entire Old Testament Books, then I will also show you where William Branham is written in the Bible. If you can show me from Genesis to Malachi, where the name of Jesus Christ was written, then, I too will show you William Branham in the Bible. Because everything is about revelation, though it must still be Bible based! That is what makes the difference! But the main issue is this: Do you really believe the Scriptures? Do you love the Scriptures, and do you love the Lord Jesus? Are you subject to the rulership of the Word

of God? Do you value the Word of God, or are you one of those who trample on it, and consider it as nothing? That is the problem with the Movement: They do not care for the Bible! But we care for the Bible! And we care less for any unscriptural quote of any man they peddle around the globe, for we care only for the Bible! And if you think we are not in the Message, I care less for what you think! It has got to be the Scriptures or nothing at all! If it is not the Scripture, I do not need to listen to you, for I will not waste one minute of my time on you, for I have better things to do with my time, for the day is far spent! You do not need to believe, although I pray you do, for the sake of the salvation of your soul. For the truth about the serpent borders on the redemption story, for it gives us the revelation of the character that brought about the fall of Adam's entire race in the first place, and as such, the matter we are treating tonight, is directly connected with the story of sin and redemption. It is a crucial message, being an integral part and parcel of the Message of Redemption, for it shows us the fall, without allowing for any blind spots! However, you do not also need to follow this move of truth, for the bride is moving on

already, following the fresh carcass, which is the fresh kill of the Word, just as it is written in Matthew Chapter 24, verse 28: **“FOR WHERESOEVER THE CARCASS IS, THERE WILL THE EAGLES BE GATHERED TOGETHER.”**

I therefore ask tonight: Which of the snakes is the serpent, in its present day identity, because that is the title of my message, *THE PRESENT DAY IDENTITY OF THE SERPENT*; not his original identity, because he has been judged, and was transformed into a snake, and put within the reptile family. Which specie of snake gives us the Original serpent? That is the question we really want to answer. But I could not just go straight into that, for I could not just answer that, without first showing you the serpent in his original profile before the fall, in order to give us a complete and perfect message. Furthermore, I had to take this route, so that you may appreciate his present day identity, precisely what he was transformed into, having first seen by the Scriptures, what his original profile was. So now, which snake is he? Well, we cannot look anywhere for him, other than to look for him through

the binoculars of the **“SCRIPTURE OF TRUTH.”** So, let us go back to the Garden of Eden, recorded in Genesis. Please have an open heart, and follow me with the eye of faith, which is the eye of revelation. Fix your eyes on the written infallible Word of God. Genesis Chapter 3, verse 14 states: **“And the Lord God said unto the serpent, Because thou hast done this, THOU ART CURSED ABOVE ALL CATTLE, AND ABOVE EVERY BEAST of the field; upon thy belly shalt thou go, and dust shalt thou eat all the days of thy life.”** Brothers and sisters, one thing stands out right here, and it cannot be controverted, for it has been established: Taking this verse, or this pronouncement, of his being CURSED ABOVE ALL BEASTS, together with verse 1, which also tells us that he was the MOST SUBTLE OF ALL BEASTS, simply means that he was the most advanced of all animal species, on the entire planet. That was precisely why he had the high level of intelligence and oracular ability he had in the beginning, as confirmed by verses 1-5, taken together with verse

13B! Are you with me? Yes! But also remember, that the serpent in his original form or physical profile, was a perfect type of the prehistoric man, or like the Neanderthal man, for he looked just like man in his physical appearance. And as such, he was closer to man in physical appearance, than to a chimpanzee, because he was the head of the animal kingdom. Moreover, he was Adam's servant-gardener, whom God took away, and turned into a snake. Consequently, that just lets us see that in his original profile, the serpent creature was a fella with a huge build (body wise). He was muscular and strong, and with a big body frame. The skeletal remains of prehistoric men give us this precise stature, for we see their scientifically developed pictures. I have to remind you that he was in charge of agriculture, as Adam's personal servant-gardener. His build was huge, enabling him to handle all manner of manual labour that was necessary to fulfil his role. So we can safely and rightly say this tonight: The serpent in his original profile, as an upright creature, one who was man-like in appearance, had a huge body mass. Can I hear Amen?! Yes! I repeat:

Because God raised him up to be Adam's labourer, God therefore gave him the build for it, like the prehistoric man. Just look at them now. (Brother Amos points to the serpent and his wife on the chart, before their transformation). They look just like man, and that is why the devil used him to get seed to himself, vicariously, because of the affinity, the closeness in physical stature, the closeness in physique, coupled with the fact that his seed could mix with that of man. Yet, as I stated earlier, the serpent was not a son of God, for he was only part of the animal creation that God made for Adam, as his help meet. Adam even gave him his name. Consequently, brothers and sisters, **THE FIRST CLUE WE HAVE IS HIS ORIGINAL SIZE, HIS BODY MASS.** It is therefore most important that we realize, that the serpent before his transformation, in his original profile, had a huge body mass, that he may serve the purpose of his master. That was why we had to first lay out the original profile of the serpent before he was judged! So, he was not a small fella. He did not have my stature, for I have a small stature, a small body

frame, even at 53 years of age. He was not a small statured, or a small framed person like me. He was a huge fella, and muscular too! He could remove a log, roll away a stone, cultivate the earth, and do whatever was needed to be done on the farm, for he had the physical build for the job. He therefore had body mass, just as Brother Branham also stated! You have to see that, for it is our first Bible clue! God did not write it out expressly, telling us the particular snake that makes up the serpent. He simply left us clues in His Word, which were veiled all through time. I said God left clues! So, let us go through the clues God left in His Word, way back there in Genesis, to help us today to unveil the serpent, for we have the true light of Christ. Brothers and sisters, we all know his present day profile, for he is a snake in his present day profile. We all know that. What we do not know is his identity, for we do not know which particular specie of snake he is. Now, watch. Please pay close attention. When we consider the curse God placed on him very closely, when God said in Genesis Chapter 3, verse 14, "... **thou art cursed above all cattle, and**

above every beast of the field; upon thy belly shalt thou go...", church, we must understand that that judgment did not diminish his body mass. The judgment God gave the serpent was not one that diminished his body mass, for his huge stature gave him a huge body mass, and that body mass was not diminished in any way. God only transformed him! As a result, we have to see that **God only used the body mass he had, and made a snake out of it!** Period! Wake up! I repeat: **GOD DID NOT DIMINISH HIS BODY MASS,** but God **simply changed him into a reptile, utilizing his huge body mass!** Consider this: Because of his body size, even if you took only his arm, and you made a snake out of it, that would have given you quite a snake! How many see the point? Again, if you took his leg, with its big size, and made a snake out of just one of his legs, you would have quite some snake in your hand! Even my own leg, as small as it is, if you could take just one of my legs, and make it into a snake, you will not look at a little snake. How many see the point? Open your eyes! The clue has to be in the Scriptures! The clue has to be there, because I cannot give you what is not in the Bible!

Revelation does not come from the blues: It must be Bible based in order to be true! So, it is the clue we are looking for, because I have to bring it from the Scriptures, and show it from the Scriptures; because the Bible must vindicate the truth! Saints, consequently, we must realise that the huge body mass the serpent had, in his total transformation, taking in each leg, each arm, his trunk, and neck, the serpent being a huge fella, a little bigger than Adam, could not have given us a little snake. That is the first point to note! As such, if we are going to look for the serpent, then, we can only look for him among the big snakes, or among the heavy bodied snakes! If we are going to look for the serpent, we cannot look for him among little snakes. We have to look for him among the families of big snakes, for he has to be among the big snakes, the heavy bodied snakes! Why? It is simply because God did not diminish his big body mass! The serpent's body mass is the key! God simply took what he had; God took what was there, and simply made a snake out of him! Period! The curse only ignited a transformation of his physical stature into that of a snake, thereby

giving us a big snake! You cannot refute that! It is an absolute fact, and it is scripturally settled, for God did not diminish his body mass: God only used his body mass, and produced a snake out of it, thus giving us a big snake! Full stop! That is perfectly scriptural! Hence the prophet to this age also stated: ***"...the serpent. HE WAS A GREAT BIG FELLOW..."*** Nothing makes better sense! Let me show you something, in order to confirm this truth. As recorded in Genesis Chapter 2, verses 18-20, God saw that in spite of the fact that He made animals as ***"help meet"*** for Adam, Adam was still lonesome, nonetheless, because he ***n e e d e d*** the companionship of his mankind, or that of humankind! Verses 21-22 therefore states: ***"And the Lord God caused a deep sleep to fall upon Adam, and he slept: and He took ONE OF HIS RIBS, and closed up the flesh instead thereof; And the rib, which the Lord God had taken from man, made He a woman, and brought her unto the man."*** Brothers and sisters, God took just a bone, a rib, to be precise, and some flesh attached to it, and look at what He

produced from it! With just a little rib, one rib, and a little piece of flesh, out came an adult woman, Eve! With that thought, now, consider this: God took a creature having a huge body mass, not a little rib, but took his entire body mass, (for it was not diminished), and transformed him into a snake, using his body mass, then, what kind of snake do you expect to come out of his transformation? Come on! God only said in essence: **“TRANSFORM AS YOU ARE INTO A SNAKE, THAT IS, WITH YOUR BODY MASS!”** I re-affirm: God only changed his body into that of a reptile. However, **on account of his body mass, AND as a result of his body mass, a huge snake was produced in that day!** And if a little bone, a rib, along with a little piece of flesh produced a whole human being, a full blown adult woman, Eve, how much more would and did the body mass of the serpent produce a huge snake! I am simply showing you with scriptural precision or scriptural certainty, that you cannot look for the serpent among the family of small snakes! You cannot! You have to look for him among the big snakes, on account of his body mass! Period! This infallible fact of God's divine judgment of

the serpent, therefore greatly narrows down our search, for it takes out the countless species of small snakes entirely from our consideration, for we must turn our focus strictly to the big snakes. (Brother Amos turns to the chart, and starts eliminating the various smaller snakes on the chart). It knocks out the green Grass snake, the so-called *“green snake under the green grass”*, from our consideration. It is not the Rattlesnake either, and neither is it the Viper, or the Puff Adder; nor is it the Black Mamba; and neither is it the King Cobra, although they all look a little big, simply because we magnified them on our chart, size-wise, strictly for the sake of easy identification. It is the family of big snakes we must consider. And having established this truth, the material question we must now consider is this: Which family of big snakes do we turn to, in order to start looking for the serpent? Which family of big snakes hides or constitutes the original serpent? That is the material question at this junction of time, in this message. God is certainly helping us. Which family of big snakes do we look at? Now, here is where the identification work gets very easy. Here is where

our search for the age old serpent now begins to get a little easy. Do you know why it is so? It is simply because in the entire world, there are only two families of big snakes. I repeat: In the whole wide world, there are only two families of big snakes. And the two families of big snakes give us Pythons and Boas. Period! The Python and the Boa are the only two families of big snakes in the world. Yet, when we come to these two families of big snakes, there are various kinds or species. Nevertheless, our job gets easier still, because divine revelation, which makes the difference, will do the rest of the job. Remember, we are combing through the Word of God, to see the clues God has left for us in the written Word, for *THE PRESENT DAY IDENTITY OF THE SERPENT*. But it is also material to mention at this point, that as a matter of fact, Raymond Jackson, the chief apostle to this last age, also confirmed the truth of the bigness of the serpent-snake, in his message titled, *The Serpent Is Still Talking*, Part 2, when he stated on page 11: **“From two legs, two arms, and a body shaped like man, he became A GIANT**

REPTILE lying there on the ground.... We do not know which ones are descendants of them out there somewhere among the reptile family. How do I know that? Because the Bible in Isaiah 65, says, (speaking of the Millennium Age): "The wolf and the lamb shall feed together, and the lion shall eat straw like the bullock: and dust shall be the serpent's meat. They shall not hurt nor destroy in all my holy mountain, saith the Lord." Here he is, in the beginning, STANDING UPRIGHT AND TALKING; and there he is, in the Millennium, still out there in the animal kingdom; but he is not walking upright like before, and he is not talking. HE IS OUT THERE CRAWLING. What a low place God humbled him to! No, he is not a little garter snake. No! I have to believe HE IS A HUGE, CRAWLING REPTILE, that can climb into the trees and just lay there. I read a tract years ago, describing the Python. THAT IS HOW I VISUALIZE THE SERPENT FAMILY. The Python are known to crawl into trees and position themselves over trails where man will follow, or animals. When the animal or man they

are after comes along, they have a way of dropping on them and instantly coiling around them. They have a way of stretching the body out and breaking every joint, and it kills their victim. Clark Air Force Base in the Philippines was named after a soldier that died just like that. That happened during the Spanish American War. The reason I say that, is because somewhere in all the snake family, reptile family, there is still a creature out there, which is the descendant of that original one; and that is why he is still going to be existing in the Millennium. God is watching over His Word, to bring it to pass." In the hour of Brother Jackson, the veil was still covering the present day identity of the serpent, for it was not yet time for the revelation to come forth. Hence the reason he did not know which particular specie of snake that makes up the family of the original serpent, although he knew it had to be one of the big snakes. But today, saints of God, the light of this truth is now shining gloriously, for the edification of the eagles of God, and to the glory of God, for we are at the very end.

As I stated, we have only two families of big snakes in the whole world, and this gives us Pythons and Boas. However, before we consider the two families of big snakes, let me also lay before you another clue, an absolute fact of the serpent, which takes his identification completely away from the countless species of snakes we have to consider in the world, and that is the fact that he has no venom or poison. **THE SECOND CLUE WE HAVE, IS HIS LACK OF POISON**. In other words: He is nonvenomous. The comparative and descriptive language God used for the serpent in Genesis Chapter 3, verse 1, which provides: **"Now the serpent was more subtil THAN ANY BEAST of the field which the LORD God had made"**, shows undoubtedly that he was himself one of the beasts, for he was in fact one of the primates, being the head of the animal kingdom, and was the closest to man. And it is a notorious fact, for it is common knowledge, and hence it does not need proving, that no ape or primate has venom or poison in him. They are all nonvenomous creatures, for they have no poison in them! And that is another

key for us, because the serpent in his original state had no poison in him. Therefore, in his transformation into a snake, there can be no poison in him either, because there was no poison in him to start with! No ape has poison! No ape is poisonous! Chimpanzees do not have poison; Baboons do not have poison; Gorillas do not have poison; Monkeys do not have poison; and Orangutans also do not have poison or venom! There is no primate that has poison within him! And God did not add poison to the serpent; He only transformed him into a snake! Period! Consequently, brothers and sisters, in his transformation into a snake, based upon his nature and inner chemical constitution or composition, he could not have had venom or poison in him either, for it was not there to start with! As a result of this unquestionable fact, he certainly cannot be one of the countless venomous snakes out there, and we therefore cannot look for the serpent among any of the poisonous snakes, for this fact eliminates the candidature of all venomous snakes. We must therefore look for him within the group of non-poisonous snakes. But the

question is, which one? I say that in order to settle our elimination of ALL species of snakes, other than the families of big snakes, because none of the two families of big snakes have poison in them, with which to kill their prey. Whilst a great number of small snakes are eliminated simply because of their poison, being venomous snakes, all of them are however eliminated, nonetheless, because they are not part of the families of big snakes! It is a second infallible witness which confirms to us, that all snakes are out, and cannot be considered at all, Except the families of big snakes! Period! And as I said before, the two main species of snakes, which make up the families of big snakes, are Pythons and Boas. Both Pythons and Boas are constrictors, which mean that they strangulate or suffocate their prey by wrapping their body tightly around them, so that they cannot breathe, crushing their bones in the process with their enormous weight and strength, until they die, and then they swallow them whole. Why do they do this? It is simply because Pythons and Boas are nonvenomous, and hence, they cannot kill their prey with poison or venom, for they do not have it!

Therefore, they must have another means they will use to kill their prey. Hence, they kill with constriction, which is suffocating strangulation! Consequently, Pythons and Boas are all constrictors. But the material question still is: Which one is the serpent? Which of the two big snake families is the serpent, or that constitutes the serpent? Because the serpent must come from one of the two species! Come on! Is it the Python? Is it the Boa? Or is it the Anaconda? Brothers and sisters, the Anaconda is the biggest snake in the world, being the largest and heaviest, although the Python can be a little longer. But which one is the serpent? Which of them is the culprit of the fall, the instrument of Satan who led Eve to sin, and hence, brought about the fall of Adam's entire race? Which one is the original serpent? Which is the present day serpent of old? Which one of the two families gives us *The Present Day Identity of The Serpent?*

In considering these two families of snakes, it is very important and interesting to know, that the two species of big snakes we are considering today, the Python and the Boa, are called primitive snakes, because they both have

remnants of hind legs and pelvic bones, called "**pelvic spurs**". Wikipedia states: "**Pelvic spurs are the externally visible portion of the vestigial**", (meaning rudimentary or not fully developed) "**remnants of legs found on each side of the vent in primitive snakes, such as Boas and Pythons. The remnant of a pelvis and femur, which have no connection with the spine, simply "float" in muscle mass. The femur**", (which is the remnant of the thigh), "**protrudes from the snake's body, and is covered by a corneal spur, which resembles a spur or claw.**" However, speaking concerning Boas, Wikipedia went on to state that Boas "**have longer pelvic spurs, and are used to grip and stimulate the female during copulation.**" Therefore, in Boas, the pelvic spurs or claws are larger in males than in females, enabling them adequate grip and provide stimulation of the female during copulation. Secondly, whereas most snakes have only one lung, due to the elongated shape of their bodies, both Pythons and Boas on the other hand, have two lungs, just as all apes (or primates) do, and as men also do, although it is only the right lung that is functional in

Boas and Pythons. However, they have differences which we will now consider, for the sake of this message, and the first, being that Pythons have one more bone in their heads than Boas do, and Pythons also have additional teeth than the Boas. Brothers and sisters, these particular differences, or shall we say, these additional traits Pythons have over Boas, of an additional bone in the head, and more teeth, have no bearing on our subject matter, and hence irrelevant, in considering which of the two families or species constitutes the serpent creature. However, there is one major notable difference which exists between the two species, a difference that is most relevant in determining which of them the serpent is, and that is exactly the difference we now want to consider. It gives us very crucial and material evidence, and this has to do with their reproductive ability or capacity. Whereas Pythons lay eggs, as the means of reproducing, Boas on the other hand, do not lay eggs; but rather, they give birth to live young. The female Boa, once it conceives seed during copulation, for the male mates with her, and

releases its seeds or sperm inside her, the babies form in her womb, for the babies are attached to her womb, surrounded by a clear membrane, as they develop in her womb, and she carries them for some months, till she is due to give birth. At birth, the babies are then pushed out at an opening called the "**cloaca**", with the babies still in that protective membrane. The babies simply break it open, just as all apes do, and come out, small but perfect replicas of the adults, for they are born in their parent's very image and likeness. This difference is therefore key, in determining the serpent's present day identity. Brothers and sisters, we all know that the primates, of whom the serpent was the most advanced animal species, in reproducing, they conceive seed, and also give birth to their live young, who are born in their physical image, only that they are much smaller in size. They do not lay eggs, which later hatch! No primate lays eggs, and hence, Mrs Serpent had the natural ability to conceive seed sown into her womb by her husband during copulation, and to carry babies in her womb for so many months,

before giving birth, just as humans also do! However, at the beginning before the fall, when the cycle of life was just ripe, ever before the serpent had the opportunity to mate with his wife, he was inspired by the devil to have the intimate relationship with Eve, for pleasure, and by this early move, Satan was able to get seed unto himself, vicariously, through the serpent creature, giving us the seed called Cain, whom Apostle John rightly called by divine inspiration, “... **Cain, who was of THAT WICKED ONE**”; meaning that he was a seed of that wicked one, which gives us *THE SERPENT SEED*, as God infallibly stated right there in Genesis. (1 John.3:12). But now with the judgment executed, the serpent was later able to mate with his wife, though now as huge snakes, but with his wife still maintaining her reproductive capacity to conceive seed in her womb, and also give birth to their offspring live, just as all other primates do. This is so, because her reproductive capacity was not taken away or changed, in its internal reproductive functioning! Therefore, the fact of internal fertilisation is another clue. Brothers and sisters, when God transformed the serpent and his wife,

(which fact is certainly another major clue), he being the head of the primates, their conception and reproductive ability remained, for God only took what was there, and turned them into snakes, thus enabling them to still carry seeds in their womb, and give birth to live babies, not lay eggs! Primates do not lay eggs, for that is most contrary to their reproductive ability! When they copulate, and the female conceives, she carries the babies in her womb or belly, just as human beings do, for they develop in her womb, until it is time for her to give birth to them, which is in their very semblance, without the need of the babies going through any process of metamorphosis! The embryos form and develop in her womb, thus enabling her to give birth to perfect baby replicas! This fact gives us our third infallible clue: **THE THIRD CLUE WE HAVE, IS HIS INTERNAL REPRODUCTIVE ABILITY**. Consequently, when God transformed the serpent and his wife into snakes, their conception and reproductive ability remained, for they were not egg layers to begin with, and hence, by the transforming power of God which came upon them,

their natural internal reproductive capacity was taken, and re-moulded as it obtained within them, to enable them to reproduce by internal fertilisation as snakes! Period! This lets us know, that Mrs Serpent has to have the ability to conceive seeds in her womb in her judged state, because God simply took what was there, and moulded them into snakes with it! Come on! Mrs Serpent's internal conception and reproduction ability remains! She could not lay eggs before the judgment, and after the judgment, she could not have been laying eggs either, for as I have been emphasising, God simply took what was there, and re-moulded it to enable them to function as snakes! And this very crucial difference, which is a marked difference, gives us a serious clue, for the serpent still had to have that ability to impregnate his wife, and for her to give birth to their live offspring, and not to eggs! As such, since Pythons only lay eggs, and Boas give birth to their young live, brothers and sisters, we have to see that our culprit is the Boa, not the Python, for the Python is eliminated on the basis of its egg laying ability! Period! It is an infallible

scriptural point! I repeat: The serpent in his original estate as the head of the primates, a type of the prehistoric man, did not lay eggs! He was made to impregnate his wife, who would carry their babies in her womb, just like Eve, and give birth to their live young! Saints of God, that reproductive ability had to be preserved, though remoulded by God, because God only took what was already there, and put him in the reptile family with it! So, their internal fertilization ability remained! How many see the point? I know, some will say: *“But what about King Nebuchadnezzar, Brother Amos? God changed his digestive system completely, enabling him to eat straw like an ox: Could God not also have made the serpent lay eggs?”* God can do anything! I agree! But the truth is: Did God make the serpent produce eggs as the means of reproduction? That is the material question, for we all know that God can do anything! And the answer to that is that God did not make him into an egg laying snake! God simply transformed him into a snake, using his original body anatomy! Period! As such, the serpent could not have become an egg layer! However, turning to the case of King

Nebuchadnezzar, we must realise that that case is different to the serpent's case, for the judgments are not the same, and the objectives of God are also not the same! Yes, God transformed the internal digestive system of King Nebuchadnezzar into that of an animal, that he may eat straw, contrary to the human digestive system; but we must also realise that God did that, only in order to allow him to feed like an animal, FOR HIS JUDGMENT WAS ONE WHICH REQUIRED THAT HE EAT STRAW LIKE AN ANIMAL! And by virtue of his peculiar and particular judgment, he could not be eating cooked food which human beings eat, for that would defeat God's judgment! Consequently, God had to change his internal digestive or gastric system, and God changed his digestive system to handle grass, for seven years, for it was a temporary transformation! Come on! In the Book of Daniel Chapter 4, verses 29-33, it is plainly written: ***“At the end of twelve months he”*** (King Nebuchadnezzar) ***“walked in the palace of the kingdom of Babylon. The king spake, and said, Is not this great Babylon, that I have built for the house of the kingdom by***

the might of my power, and for the honour of my majesty? While the word was in the king's mouth, there fell a voice from heaven, saying, O king Nebuchadnezzar, to thee it is spoken; The kingdom is departed from thee. And they shall drive thee from men, and thy dwelling shall be with the beasts of the field: THEY SHALL MAKE THEE TO EAT GRASS AS OXEN, and seven times shall pass over thee, until thou know that the most High ruleth in the kingdom of men, and giveth it to whomsoever he will. The same hour was the thing fulfilled upon Nebuchadnezzar: and he was driven from men, AND DID EAT GRASS AS OXEN, and his body was wet with the dew of heaven, till his hairs were grown like eagles' feathers, and his nails like birds' claws.” This happened precisely as God had decreed, for he ate grass just as God said he would! Period! But we cannot take this scenario, and apply it to the serpent's case, for the judgment is not the same, and the objective of God is also not the same, and neither is the duration the same! Unlike King Nebuchadnezzar's

judgment, the serpent's judgment is forever, being permanent, bearing also a different objective, for by his permanent judgment, he will never be in a position to deceive God's human family again! Never! Therefore, we have to stay with the written Word of God, which sets forth the precise judgment of the serpent, in order to rightly determine his individual, particular, and peculiar judgment! We have to, if we are to rightly divide the Word of Truth! So, brothers and sisters, when we consider the material facts of the serpent in his original reproductive profile, the Python cannot be the creature we are looking for. Definitely not! Yes, Pythons are big snakes, and they also have "*pelvic spurs*", which are undeveloped remnants of hind legs which primitive snakes have, and they also have **two lungs**, but still, I want you all to understand, that all that is serving a purpose of God, for inspite of this fact, we must still keep our eyes on the Scriptures relating to the serpent, and use that infallible yardstick to determine or locate him in his present day identity! Period! Otherwise, there is no other way to locate him! As bride saints, we must know how to look at something, for we are not

walking by sight, but by faith, which is divine revelation! And when we consider the evidence of the former hind legs called "*pelvic spurs*", and the **two lungs** which Pythons have, as eagles of God, we have to realise that God is using them to serve a divine purpose, for God does not do anything for nothing! Moreover, He knows the end from the beginning! In the Book of Acts Chapter 15, verse 18, it is written: "**KNOWN UNTO GOD ARE ALL HIS WORKS FROM THE BEGINNING OF THE WORLD**"! Church of the living God, the Lord, who knows the end from the beginning, and who saw this very day ahead, gave Pythons "*pelvic spurs*" and **two lungs**, from the beginning, in order to throw off the wise and prudent of this world, from knowing who the serpent is! It is just like Adam's race, in relation to the prehistoric man. The prehistoric man was here many millions of years ever before we got here. And because they look just like Adam and Eve in their physical profile, as upright creatures, the scientists and philosophers think that we evolved from them, simply because they look just like us! Yet, they are not only very different from us, in who they were, (being

strictly part of the animal creation, of which they were the head, for they were certainly not sons and daughters of God, whilst on the other hand, we are sons and daughters of God); but also, we are a special, and peculiar, and separate creation of God; and as such, we did not evolve from them! Certainly not! Their bone remnants which archaeologists have discovered, prove that they were here millions of years ago, but we, on the other hand, have only been here for about six thousand years, not as descendants, or as evolved species of prehistoric men, but as God's peculiar creatures! In the beginning in Genesis, when God was creating the beasts for Adam, the Python was also created alongside all other beasts, including the original serpent, who was the most advanced primate-man. In the day when God made the Python, the Python was given the physical components we are now considering today, in our identification of the serpent, which is "*pelvic spurs*", **AND two lungs**, God foreknowing that in the Python's class of snakes, He would later place the serpent, and the

evidence of the remnant hind legs the Python has, along with the two lungs, would ward off unrevealed mankind, from identifying or unveiling the true serpent! Exactly! For it is written: ***“known unto God are all His works from the beginning of the world”!*** Furthermore, God also knew that the creation of the Python, as the only family or class of big snakes in that day, (for he was the only family of big snakes in the Garden of Eden), would also later serve another divine purpose, which would give us another material clue, a vital clue which we shall consider shortly, a fourth major clue. But the truth remains, brothers and sisters, that the world is filled with a lot of religious smart Alex', and no doubt, they would use their canary brains, and go after the Python, identifying him as the original serpent, on account of the tiny remnant hind legs he has! But as Apostle Paul stated in the Book of 2 Corinthians Chapter 5, verse 7: ***“FOR WE WALK BY FAITH, NOT BY SIGHT”!*** Again it is written in Romans Chapter 1 verse 17: ***“The just shall live by faith”!*** Church, revelation makes the difference, for as Psalm 36, verse 9 declares: ***“For with Thee is the fountain of life: IN THY LIGHT SHALL***

WE SEE LIGHT.” Period! Do not go on a wild goose chase! The Python is absolutely and scripturally knocked out of our consideration, for the serpent is the Boa!

Brothers and sisters, in looking for the serpent, we can look no further than to look in the Boa family, for that is the only other family of big snakes in the world. And we know with scriptural certainty, that the serpent was transformed into a big snake. Therefore, we must look within the Boa family! But some would say though: Brother Amos, but what about the Anaconda, which is said to be the biggest snake in the world? Saints of God, I want you all to know, that the Boa family of snakes has many kinds or species, and the Anaconda is just one of the Boa species, but a major specie! It belongs to the Boa family, and it lives near water, rivers, lakes, and swampy areas; but it is still part of the Boa family. For as I said, there are many kinds of Boa: **Boa Constrictor; Boa Constrictor Constrictor; Anaconda; Sand Boa, Tree Boa, Rubber Boa, Jamaican Boa, Cuban Boa, etc.**, depending on their habitat. As such, they all constitute the family of the serpent, for God turned

the serpent and his wife, into a particular and a different family of big snakes, alongside the Python family, giving us a second family of big snakes, which is the Boa! Consequently, brothers and sisters, **THE SERPENT IS THE BOA; THE BOA IS THE SERPENT.** However, in considering the classification of Boas, I discovered that there is a measure of variance in the classification which the various snake experts have given. Whilst some call Anacondas as simply *Anacondas*, and differentiate them from Boa Constrictors, some on the other hand, refer to them as ***“Boa Constrictor Anaconda.”*** The latter classification makes sense to me, for all Boas are constrictors, and hence, the Anaconda should also rightly be called Boa Constrictor Anaconda, being an integral part and parcel of the Boa family! Yes, I know, there are some species of Boas referred to as Boa Constrictors, and this takes in many kinds, like Boa Constrictor Constrictor, Sand Boa, Tree Boa, Cuban Boa, Dwarf Boa, Emerald Tree Boa, Jamaican Boa, etc., who also vary in size; yet, the undeniable truth is that

all of them are Constrictors, and hence the classification seems meaningless to me, in referring to the same Boa family of snakes! Exactly! But regardless of the classification, the fact remains that the culprit we have been looking for, for about six thousand years, is the Boa, a Constrictor, for it uses constriction to kill its prey, and swallow it whole! Thus, you have to see the scriptural fossils; you have to see the divine clues, and it is all there at the judgment bar in Genesis, if you can only read between the lines, and also allow the Spirit of God to speak to your heart from His Word. The internal c o n c e p t i o n a n d reproduction ability of the serpent was not changed. He was only transformed to become a snake, a big snake; but the capacity for internal fertilisation he and his wife had, remained within them, in their present judged estate. Therefore, he had to be a snake with the ability to give birth to live young, their embryos developing inside their mother's womb. And this sets the Boa apart from the Python. And when Boas give birth, their babies are exactly a perfect but small replica of their parents, and their intelligence starts right away, for they are independent right at birth! Saints, their parents do not

fend for them or take care of them; but they run into hiding, and start fending for themselves right from that point, right from the start! There is an intelligence he has for that! Are you with me? Most importantly, he is a big snake, and is also nonvenomous, which is why he uses constriction, for these are clues we can glean from his original profile, in relation to the judgment that the Lord passed over him in Genesis! We are almost done, but we still have two crucial clues to lay out, in order to do justice to our message, leaving no stone unturned. However, it is material to re-emphasise, that his **“pelvic spurs”** AND **two lungs** also serve as a pointer, if we can read things right. I know someone would ask: *“And what does this claw stand for, apart from the fact that it is used during copulation, to hold the female and to stimulate her?”* As I stated earlier, brothers and sisters, the **“pelvic spurs”**, which is like a remnant pelvis and former hind legs, is also God's way of leaving an evidence of the legs he had before he was transformed! Whilst the Python was made with claws which are like undeveloped remnant hind legs right from the beginning, which was

deployed or used for copulation, and which would also act as a decoy at this end time, in unveiling the present day identity of the serpent, on the other hand, the undeveloped remnant hind legs on the Boa, is evidence of a deformation the serpent suffered at the judgment bar! It is evidence! We can say the same thing of the two lungs he also has! God simply made the body mass of the serpent into a big snake, and left a small portion of his legs, hanging like a claw, and also allowing his two lungs to remain, as evidence of his original profile! Moreover, the male Boa, having a little longer **“pelvic spurs”** than Pythons, also use its pelvic spurs to hold and stimulate its female, whilst it coils its tail around her, just as the primates do in copulation, for they hold and stimulate one another in intimacy, thus giving us another clue or pointer, as far as I am concerned, for it gives us an old trait. We must therefore see that the pelvic spurs on Boas, is serving a dual purpose. And this is the clincher to this truth, concerning **THE PRESENT DAY IDENTITY OF THE SERPENT**, for I now show you another major clue I

mentioned earlier, of the Python being the first family of big snakes, which God created for Adam in Genesis. Please follow me closely with the eye of faith.

Brothers and sisters, listen to this. According to the record of Genesis Chapter 3, verse 1, the serpent was the most advanced form of animal life God made in the earth. As a matter of fact, he was the most advanced form of animal life God has ever produced. But his leadership or headship role was taken away, for it was completely reversed in Genesis Chapter 3, verse 14, and he was transformed and placed in the reptile family. And may I add that you will never have another serpent creature standing upright, walking, and talking again. Never again! Nevertheless, in that day before the fall, the serpent was the most advanced animal creature God ever made, for he was a perfect type of the prehistoric man, who were not sons and daughters of God, but were only part of the animal creation, and were at the head of the entire animal kingdom. So, what did God do? Listen very carefully now, for I give you another infallible clue, which is the fourth major clue. **THE FOURTH CLUE WE HAVE, IS THE SERPENT'S**

HEADSHIP POSITION WITHIN THE BEAST FAMILY. God took the serpent, who was the head of the primates, the head of the animal kingdom, and put him within the reptile family; but He still made him to remain as the head of the reptiles! How many see the point? Brothers and sisters, **THE HEADSHIP OF THE SERPENT IS ANOTHER CLUE!** In Genesis Chapter 3, verse 14, the Bible declares: ***“And the Lord God said unto the serpent, Because thou hast done this, thou art cursed ABOVE ALL CATTLE, AND ABOVE EVERY BEAST of the field; UPON THY BELLY SHALT THOU GO, and dust shalt thou eat all the days of thy life.”*** Can you see what God did? God reversed his role or position! Simple! He that was at the head of the animal kingdom, was now placed at the very bottom of the ladder of the beast creation! However, when we consider this placement by the eye of revelation, we will see that in placing him at the very bottom of the ladder of the beasts of the field, which specifically is the reptile family, for they live in the dust of the earth, God placed him within the family of big snakes, and not within the family of

small snakes, which God could have done, if He wanted to! God placed him alongside the Python, who in that day, was the only family of big snakes in existence, and who, as such, was the head of all snakes, that the serpent may now become the head of the family of snakes, or the head of the entire reptile family, over and above the Python! So, he is still head, but only within the lowest cadre of beasts of the field, for he was placed wriggling in the dust of the earth! I feel religious! God reversed his position or role, from the head of the entire animal creation, to the headship of snakes! God impliedly or indirectly said: *“I take your headship over all the animals in the field, and I now make you the head of snakes! From today, your leadership will be in the dust, over the reptiles! REIGN IN THE DUST!”* And when Lucifer fell from grace, ***“the anointed cherub that covereth”***, God smote him; and when he was stricken, what did God do? He now reigns in hell, reigning over fallen angels! You all know that! He is still a ruler, but in hell, and to hell he belongs, reigning over fallen angels, because of what he also did in the

prehistoric world, in the animal planet which God created! It is written in the Book of Ezekiel Chapter 28, verses 11-18: **“Moreover the Word of the Lord came unto me, saying, Son of man, take up a lamentation upon the king of Tyrus”,** (who represents Lucifer), **“and say unto him, Thus saith the Lord God; Thou sealest up the sum, full of wisdom, and perfect in beauty”,** (just like the serpent). **“THOU HAST BEEN IN EDEN THE GARDEN OF GOD”,** (JUST LIKE THE SERPENT); **“every precious stone was thy covering, the sardius, topaz, and the diamond, the beryl, the onyx, and the jasper, the sapphire, the emerald, and the carbuncle, and gold: the workmanship of thy tabrets and of thy pipes was prepared in thee in the day that thou wast created. Thou art THE ANOINTED CHERUB THAT COVERETH”,** (meaning, the angel that was in full charge, just as the serpent was lifted up, God making him the most advanced beast ever); **“and I have set thee so: thou wast upon the holy mountain of God; thou hast walked up and down in the midst of the stones of fire. Thou wast perfect**

in thy ways from the day that thou wast created, till iniquity was found in thee. By the multitude of thy merchandise they have filled the midst of thee with violence, and thou hast sinned: therefore I will cast thee as profane out of the mountain of God: and I will destroy thee, O covering cherub, from the midst of the stones of fire. Thine heart was lifted up because of thy beauty, thou hast corrupted thy wisdom by reason of thy brightness: I will cast thee to the ground, I will lay thee before kings, that they may behold thee. Thou hast defiled thy sanctuaries by the multitude of thine iniquities, by the iniquity of thy traffick; therefore will I bring forth a fire from the midst of thee, it shall devour thee, AND I WILL BRING THEE TO ASHES UPON THE EARTH in the sight of all them that behold thee.” And what do we see in the Book of Revelation Chapter 9, verses 1-11, we see Lucifer under the fifth trumpet, reigning in hell, just as it is written: **“And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit.**

And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit. And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power. And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree; but only those men which have not the seal of God in their foreheads. And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man. And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them. And the shapes of the locusts were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the faces of men. And they had hair as the hair of women, and their teeth were as the teeth of

lions. And they had breastplates, as it were breastplates of iron; and the sound of their wings was as the sound of chariots of many horses running to battle. And they had tails like unto scorpions, and there were stings in their tails: and their power was to hurt men five months. AND THEY HAD A KING OVER THEM, WHICH IS THE ANGEL OF THE BOTTOMLESS PIT, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon." So, Lucifer maintains his headship, but it is only a headship over the fallen angelic family, for he now reigns in hell! Period! So also, brothers and sisters, the serpent was the head of the animal kingdom, the head of the entire beast kingdom, the most advanced beast; but God now made him the head of snakes, the lowest in the beast kingdom, for he is left wriggling in the dust of the earth, from which he now catches his prey! Consequently, saints of God, the serpent still stands as head, but only of the reptile family. And that is precisely why God placed him alongside the Python, who in that day, was the only family of big snakes in the field, that he, thus

becoming the Boa, may become the head of snakes, and the Python as his deputy, if I may put it like that, just to make a point, and also to make you smile! Remember, though, for I must point out a material fact, because of the opposition, that the bigness in physical size, is not what necessarily determines headship; otherwise, Adam, being the head of the serpent, should have had a bigger body build than the serpent; but he did not! And neither should the lion have been the "king of the jungle", if we consider its size, in relation to the elephant, for the elephant beats it hands down, size-wise! We know that, for it is what God makes something that counts. However, the truth remains that God transformed the serpent, and placed him within the family of snakes that make up the head of snakes, thus creating a second family of big snakes, alongside the Python, called the Boa. But in order that **THE PRESENT DAY IDENTITY OF THE SERPENT** may be kept secret, from the wise and the prudent of this world, God who knew ahead what the serpent would do, when He was creating snakes, made the Python, whom He made the chief of snakes, and

gave him "**pelvic spurs**", not only for copulation purposes, but more particularly to act as a future decoy, and He also gave him **two lungs**, for the same purpose, as a revelatory decoy. And in order to make His elective love and mercy known unto the end time bride of Christ, God made the Python an egg layer, in its reproduction ability, that it may serve as an infallible clue to the elect bride, on whose account the mystery of the serpent's present day identity was kept secret! Remember God's unfailing Word of promise, for it is written: "**... The wise shall understand**"! (Dan.12:10). It is also written: "**... IT SHALL COME TO PASS, THAT AT EVENING TIME IT SHALL BE LIGHT**"! (Zec.14:7). Again it is written: "**... It is given unto you to know the mysteries of the kingdom of Heaven**"! (Matt.13:11). It is further written: "**But we speak the wisdom of God in a mystery, even the hidden wisdom, WHICH GOD ORDAINED BEFORE THE WORLD UNTO OUR GLORY.**" (1 Cor. 2:7). Brothers and sisters, the very judgment that came upon Lucifer, wherein he was stripped of

his glory and power, and his position or role was reversed, for derailing the entire prehistoric world, bringing divine judgment upon the animal planet in that day, also fell upon his principal vessel, the serpent beast which he used to bring about the derailment of Adam's entire race, and the judgment that also fell upon the earth, on that account! Glory be to our God, who is the Lord God Almighty! Who is like unto thee o Lord? How great and how deep is thy wisdom! How perfect and righteous is thy judgment! How rich and sweet is thy favour! How mysterious and marvellous is thy elective love! My brethren, you can see that the revelation and the justice of God is one, for it is the same! ***“Jesus Christ the same yesterday, and today, and forever”!*** Saints of the Living God, the culprit we are looking for is the Boa, for he is the serpent creature. Amen! Halleluiah!

Church, I know many people will say: *“Brother Amos, there are so many kinds of Boas in the world. You just told us that the Anaconda is one kind, as well as the Sand Boa, and the Boa Constrictor, among many others. So, Brother Amos, which one of them is the serpent? Brother*

Branham said something very instructive, when he was preaching on *The Seven Seals*, on page 514, paragraph 343. He warned: ***“Now there's many people have visions. There's many been in revelations. IF IT'S CONTRARY TO THE WORD, LEAVE IT ALONE. THAT'S RIGHT, LEAVE IT ALONE.”*** What does that show us? It firmly teaches us that every revelation must be Word based, because it must anchor in the Word of God, in order to be true and acceptable. Otherwise, we are scripturally bound to reject it, and get away from it. However, we can see from the traces of Scripture, the evidence God buried in His Word, here a little, and there a little, all pointing to something. We have been able to glean clues from Genesis Chapter 3, verses 1-5, along with verse 14 in particular, and all the clues point to the Boa! We already know, for it has been set forth earlier in this message, that there are only two main groups or two main families of big snakes, even though within the two families, there are many kinds, or many species. We have many kinds of Pythons, and we also have many kinds of Boas, one of which is the

Anaconda. So, which kind is the serpent? Is it the Boa constrictor? Is it the Anaconda? Or is it the Sand Boa? That is why I put a question mark to every snake on my chart, for we are still looking, so we can nail the serpent right on the head. Is it the Sand Boa? Which one? Brothers and sisters, that is a very simple question, simple only because God has made it plain in His love and mercy. God is so good! Church, I will give it to you. Come with me to Genesis Chapter 1, and let us settle this matter, and bring our message to a close. I appreciate your patience. May God bless you. The Bible records in Genesis Chapter 1, verse 27: ***“So God created man in His own image, in the image of God created He him; MALE AND FEMALE created He them.”*** Is that right? Yes! God made everything in pairs. He also made man male and female, just as He made all living things. Is that right? Absolutely! God does not need to start with many. He just needs a pair to start off whatever He does, for reproduction purposes. And that same law applies to all animals. Yes! That was precisely why, when Noah was entering the ark in Genesis Chapter 6, all the

animals and birds God told him to take, were strictly to be two of each, a pair of each specie, for the sake of reproduction, even as it is written in verse 19: **“And of every living thing of all flesh, TWO OF EVERY SORT shalt thou bring into the ark, to keep them alive with thee; THEY SHALL BE MALE AND FEMALE.”** Is that right? Yes! It is so because God starts with a pair; because the male needs the female to reproduce itself by! So, everything is made by an original male and female pair. When we come to Genesis Chapter 5, this truth is re-confirmed, for the law of reproduction is the same, for it requires just an original initial pair, just as it is written in verses 1-2: **“This is the Book of the generations of Adam. In the day that God created man, in the likeness of God made He him.”** Now watch verse 2, for it plainly states: **“MALE AND FEMALE created He them; and blessed them, and called their name Adam, in the day when they were created.”** This gives us God's infallible and unchanging law of creation. For reproduction, all God needs is just a pair of something. Church, all God needs is just a pair! That is all God needs, to start off with. However, the original

pair is not the end objective; it is just the beginning of what God wants, the prototype of what he intends reproducing on the earth. And once God sets that in motion, and He placed Adam and Eve here, He knew His objective was right on course. Unfortunately, Satan came in, using the serpent creature and his offspring, and eventually, God had to judge that era, brought it to a close, and started afresh, using Noah and his wife, along with their three sons, Shem, Ham, and Japheth, with their wives, to repopulate the entire earth. Is that right? It is absolutely so! Now, come with me to the Book of Acts, Chapter 17, the last Scripture we are going to read tonight, for it shows us something. In Acts Chapter 17, Apostle Paul, talking about God on Mars' hill, declared in verse 26: **“And” (God) “hath made of ONE BLOOD”,** (which is the blood of Noah), **“ALL NATIONS OF MEN for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation”,** (or the bounds of their nationhood). Hold it there! Saints, the incredible variety of humanity we have today; the complex

variety of human races we have on the planet at this end time, God used only one pair, one couple, Noah and his wife, to produce it! And that is why, whether you are white, black, yellow, brown, or what have you, we all come from one man, who is Noah, and the blood of one man flows through each and every last one of us, on the full authority of the Word of God, and that is the blood of Noah. Period! How? It is simply by **The Law of Genetic Mutation**. The law of genetic mutation was activated in Noah. It was also in Adam, but it was not activated in Adam, for the time had not yet come for God to start establishing racial variety in the earth. As such, we must realise that the law of mutation was in Adam, even though God did not activate that law in him. Hence it did not go into effect in Adam's day, for by the law of genetic mutation which God put in every living creation, a variant seed is produced. But the **mutant gene** usually lies dormant until it is activated by God; otherwise it is a very dominant gene. In other words, with its activation, a new strain is produced from an original source, thus producing variety of seeds or

products, but still in the same family! In short: Mutation will not make a dog give birth to a goat, for instance, but it can make the dog give birth to another strain of dog, thus bringing about variety within the dog family. In the same vein, a human being will not give birth to an animal, but if he is a black person for instance, by the activation of genetic mutation, he can give birth to a white child; but it still gives us a human child, nonetheless, though different in colour and physical characteristics, and you would wonder: *“Oh, how can a black man produce a white child?”* It is by the law of mutation. I call Genetic Mutation **THE LAW OF DIVINE EVOLUTION OF SPECIES**, for it gives us the variety of something. This is the law of evolution God placed in nature, enabling it to produce the variety of itself. And that is only as far as we can go with evolution, for we do not believe in Charles Darwin's nonsensical theory of evolution, that we all evolved from apes, for that is downright stupid! We are God's special, and peculiar, and particular creation, and we evolved from nothing! Period! However, by the law of genetic mutation God set in all living things, human beings, animals, birds, bugs, and plants, etc., we

are enabled to produce varieties of our species, for everything brings forth after its kind, at God's appointed time, where men do not tamper with nature, to produce their hybrid products. Therefore, continuing on with our message, brothers and sisters, the law of mutation was in Adam, but it was not activated in Adam: God activated it in Noah. And that was why Noah produced three sons, who became the progenitors of the three main races of people we have in the earth today, out of which came practically every other race. Shem is the progenitor of the yellow race. Ham is the progenitor of the black race. And Japheth is the progenitor of the white race. Noah produced three sons having three different skin colours, God having activated mutation in him. And out of these three sons came any and every other race we have today in the earth. I show you mutation at work! Just look at the human variety! Look at the multiplicity of races, and yet we all go back to Noah! Brothers and sisters, so is the Boa!

All Boas go back to the original Boa pair, which the serpent and his wife were turned into! For like Noah,

the law of mutation also started in him, in his judged state. Do not forget that snakes in general, and the big snakes in particular, do not give birth to only one seed in one conception, but to many seeds, dozens in fact! They produce many babies in one go! And because mutation started in the **SERPENT-BOA, A CONSTRICTOR**, he produced many babies, constituting differing species of Boa, just as Shem, Ham, and Japheth, who make up three different races, came out of the same loins of Noah! This gives us in the main, The Anaconda, and the Boa Constrictor, with all its sub-species. Mutational evolution completed the work, and we have all over this globe, and on every continent, the presence of the serpent around us, in his present day identity, as **The Boa**, whatever name it is called: Boa Constrictor; Anaconda; Sand Boa; Tree Boa; Dwarf Boa; and all other species and sub-species of Boas in the world. In every region of the earth, the serpent abounds, hidden from human recognition by his present day identity, which he took on when he was judged and transformed, by the judgment pronouncement

of God in Genesis Chapter 3, verse 14! In North, Central, and South America, the Caribbean, South Eastern Europe and Turkey, Northern and Central and East Africa, Madagascar, the Arabian Peninsula, Central and South Western Asia, India and Sri Lanka, from New Guinea to Melanesia and Samoa, for example, he is found and called Boa, of the "***Boidae family***", which is a common name for Boa. In South Mexico and the Caribbean, to South America, we have the Dwarf Boa. In Europe, Asia, Africa, Arabia, etc., we have the Sand Boa. In the Amazon jungles of South America, we have the Anaconda or **WATER BOA**. Brothers and sisters, his offspring in that day was not one but many, with the law of mutation working in him. And as a result, saints of God, we cannot be looking for just one particular seed, FOR SNAKES ARE NOT LIKE MEN, WHO, IN THE MAIN, GIVE BIRTH TO ONLY ONE CHILD AT A TIME! For instance, the Boa Constrictor males are very promiscuous, for each male can mate with many females in one season, and as a result, females may also have more than one mate in one season! They give birth to dozens of babies! Therefore, all Boas

make up the serpent family, for regardless of the species of Boa, one thing is definite: Out of that original male and female Boa, which was the original serpent and his wife, came any and every Boa you can find on this planet! Period! However, like Noah and his wife, the original Boa and his wife are dead, for they have passed away. But before they died, they bred themselves greatly in the earth, giving us variety, for the law of genetic mutation ensured that. But every last one of the Boas takes us back to the serpent, for they are his offspring! And when we see any of the Boas, we are looking at the serpent. However, the principal Boa, who, in all material and physical characteristics, embodies the old serpent, is **the BOA Constrictor ANACONDA**. He is the prince of the entire Boa family. Saints of God, I repeat: The original pair of Boas, which gives us the first pair of Boas on this planet, which the serpent and his wife were transformed into, by the law of genetic mutation working actively in them, produced various species of the Boa family. The climate and weather conditions existing in the various regions of the world in which they live, the vegetation, and the type of

food available, began to have effect on their bodies, and new strains or sub-species of Boa were being produced, adapted to the various regions, whether watery or marshy regions, woodland, grassland, tropical rainforest, sandy, (as in desert areas), etc. Thus, through mutation, all Boas, whatever their name is, were all reproduced, existing around the globe. Hence, for instance, Sand Boas live in loose sandy areas, where they can easily bury themselves in the sand, with only their heads showing, whilst they wait hidden for preys to come by, and then, they launch out at it, and use constriction to kill it, before swallowing it whole. Anacondas, which spend time in water, are found in watery areas, and hence, are called **Water Boas**. It is the biggest of the Boa family. Saints, as God used Noah and his wife to produce all the complex variety of human races, colours, builds, and shapes, and with the different physical characteristics we now have on the planet, is absolutely undeniable, so did God also use Mr and Mrs Serpent, the original Boas, to produce the varieties of Boas we have

today, with different sizes, some which are much smaller than others. And as I just stated, what makes the difference in the various Boas we have in the world around us, is determined by the climate where they live, the weather, the vegetation, and the food supply (their habitats); but regardless of the species of Boa, they all go back to an original pair, who is the serpent and his wife. This is particularly so, because our God, the Lord God Almighty, is a God of variety, who loves and creates variety in all of nature, both animate and inanimate, (meaning that God creates variety in both living things, as well as in non-living things). He is simply a God of diversity. But He does not start with a variety of species. He starts with only one pair, and by the law of genetic mutation which He built into all living things, God is able to bring a variety of species, using time and other material conditions, to accomplish this, for all God needs, is an original pair to start with, and He is on His way. Look at it today, the African man cannot really live in a cold climate, but the European man is at home in it. And the converse is also true, for the European man cannot really stand hot and humid climate, but the African man in Maiduguri, in the

Northern part of Nigeria, for instance, or the people of Mali, in North Africa, are at home in this heat. Church, the first time I went to Maiduguri, in Northern Nigeria, (and that is the only time I have ever been there), I wanted to bathe in the morning. The water in the water cistern which I took, and which is supposed to be cool in the early morning, was a different ball game there. I made a mistake, for I assumed I was in Lagos, and I took a bowl full of water from my bucket, and poured it over me. Brothers and sisters, that water was so hot, I almost ran out of the bathroom, for I did not expect it! But the people of Maiduguri are used to it, and hence, are comfortable with it; but I was not! It is the effect of the heat of the sun, working on a desert-like region, with sparse vegetation! And that is precisely why it affects their skin colour; which is why the Northerners are darker, because of the effect of the sun! But also, just look at the white people who live in Siberia, in that extreme cold, which is below zero degree celcius, in temperature! They live perpetually in a snowy-icy region, 24/7, and they are at home in it! They even go hunting riding on a sledge, pulled

by their dogs or reindeer! You know that if I try it, they will only carry my effigy! And that is the truth! So, this just shows you, that even though we all come from Noah, the evolution of time, climate, weather, vegetation, and food conditions, coupled with the law of genetic mutation, has produced an incredible variety in men! As a result, some live in Africa; some live in the Arctic Region; some live in Australia; some live in the USA and Canada; some live in South America; some live in Europe; some live in Far East Asia; some live in the Middle East; some live in the Caribbean; and some live in the Sahara Desert; but all of us are still seeds of Noah, and are all carrying the blood of Noah in our veins. So is the Boa! Simply take that thought, and transpose it to the case of the Boa, and you will see why there are so many species of Boas, with different forms, sizes, coloration, and characteristics, for God's law of genetic reproduction is the same! The law of reproduction of God is not twain, but one: Whether for plants, animals, or man; the law of reproduction is one. So, you take that, and take it back to the Boa, and the

picture becomes clear, for everything is by the same token. However, as I stated earlier, in spite of the multiplicity of kinds in the Boa family of the serpent, and despite the fact that all of them make up the old serpent's family, there has to be the principal Boa Constrictor specie, which in all material and physical characteristics, embodies the old serpent, particularly as he is the head of all snake families, a Boa Constrictor which is like an heir apparent, and that certainly gives us **The ANACONDA.** He is the prince of all Boas. The Boa Constrictor Anaconda, or the Boa Anaconda, being the largest of snakes in the world, is about 18-35 feet long, and weighs more than 250 kilograms, and measures more than 12 inches in diameter, which is 30 centimetres! Weight-wise, it has no equal in the entire snake families, being the largest snake in the world! And although his second-in-command, the Reticulated Python, or even the Burmese Python, can grow a little longer, the enormous size of its circumference, makes the Anaconda almost double the weight of the Python. It is simply humongous and heavy! Its meal also varies, for fully grown Anacondas feed on anything that

moves, from aquatic animals like caimans, (which are crocodiles), and turtles, to land mammals or beasts, such as deer, wild pigs, sheep, dogs, goats, b i r d s , e t c .

Brothers and sisters, I show you the serpent, the head of the animal kingdom in that day, in the Garden of Eden, who was transformed from his upright profile, and was put in the reptile family. His transformation gives us the Boa, for **THE PRESENT DAY IDENTITY OF THE SERPENT IS THE BOA.** That is the family of big snakes God used him to produce. But his principal seed, amongst many of his seeds, in his present judged state, is the Boa Constrictor ANACONDA, or the Boa Anaconda, or Water Boa, whatever you want to call him. The clues of the Scriptures we have gone through today, does not give us a myth: It gives us nothing but reality, scriptural reality, if only you have eyes to see; because God does not have to spell it out in black and white, in the pages of the Holy Bible. That is the place and the beauty of divine revelation, which anchors solidly and immovably upon the rock of the written Word of God. The huge stature of the serpent in his upright

original profile, which was transformed into a wriggling reptile, cannot give us anything, other than a particular family of big snakes. The internal fertilisation ability Mrs Serpent had before the fall, by which she could give birth to babies live, gives us a snake still bearing the capacity for internal fertilisation, and the ability to give birth to babies live, fully developed. Moreover, the nonvenomous nature of the serpent before the fall, also lets us see that the snake family making up the original serpent, has to be a nonvenomous snake, among other material clues which the Lord has given us in His Word, confirming the absolute fact, that the snake we have been looking for, for almost six thousand years, is none other than the Boa, who is now the head of snakes! The prince of his family is the Anaconda. This reminds me of the dream the Lord gave to Sister Candice. Brothers and sisters, my wife and I have been privileged to visit South Africa many times on missionary work, particularly when this man, Ernest Scotsman, was still standing with us in the Continuity light. He came here twice, and in

those two Conventions, he preached two messages titled, *THE ANGEL IS IN THE CAMP*, and, *LEADERSHIP*. Unfortunately, the man has now thrown away that leadership, and he has also deserted the Angel who is in the camp! But we thank God for His grace and mercy towards us, by which we are kept firmly on course. Brothers and sisters, the saints in South Africa were facing negative conditions in the former assembly they attended in Moorreesburg, pastored by Ernest Scotsman. I tried to talk to the pastor, pleading with him to set things right in his local assembly, but he would not listen. It was at this time that God gave my sister, Sister Candice Schaffers, a dream. She did not even know what it meant. But it bears upon *The Present Day Identity Of The Serpent*. And let me say this to the Branham Movement, in case they want to rubbish my use of this dream for this message, simply because I was not the one that dreamt it, for I know some will say: *"Oh, Brother Amos, you are talking about somebody else's dream. It is not even your dream. So how can you use it to confirm your message?"* To such people I say: When Brother Branham preached a

message titled, *Sirs, Is This The Time?*, using it to lay a foundation for the subsequent message he also took, titled, *The Seven Seals*, he took the dream God gave Raymond Jackson, on *The Rock of Revealed Truth*, and used it as a major dream, and one of the basis for the projection of that message! Again in the month of March 1963, when he was taking *The Seven Seals*, he also used the same dream of Brother Jackson, to confirm the divine leadership he received for preaching on the Seals! I therefore ask: Was that dream his own? Why did he then use it to support his message, except that he knew that God was in it, for it was God giving a witness through another child of His? Exactly! Think about it! I have no doubt in my mind that the dream Sister Candice had, was given by the Lord, and it is pointing to this very truth. In that dream, it was like the whole church was set in readiness for service. All of a sudden, she saw me coming down a staircase which led right into the church. But as I was coming down the staircase, two men were also following me, carrying a huge snake. I walked straight to the pulpit, and the two men came to the

centre of the church, and laid down the snake, spreading it out. It was so big, that it took almost half the church space. Then I pointed to the snake, and said: ***"Now, I want to preach on this snake."*** When she came out of the dream, she wondered: *"Is a snake in our church?"* Well, she was not far away from the truth. I say that on a light side. But when I got that dream, I knew exactly what it was pointing to. So, I told them that it is pointing to the present day identity of the serpent, and that that revelation will come one of these days. And here it is tonight. Now you have it: ***THE PRESENT DAY IDENTITY OF THE SERPENT IS THE BOA, A CONSTRICTOR, THE PRINCE OF WHICH GIVES US THE ANACONDA.*** It is the Spirit of Christ unveiling the Word to his bride, just as the Lord has promised. But you would expect that such a glorious and deep revelation would be coming out of religious high places like the Vatican. However, God is unveiling His Word to the simple and humble minded people of the Lord, in their simple and humble setting, and in a simple and humble way, far removed from the glare

and the notice of the world, for it is coming forth without any noise, for our God works in simplicity. This is also so, because the deep things of God are reserved strictly for the edification and glorification of the end time elect bride of Christ.
P e r i o d !

Brothers and sisters, a great mystery of the Word has been laid bare before you tonight, by the Spirit of Jesus Christ our Lord, just as Matthew Chapter 13, verse 35 declares, as it is written: ***“That it might be fulfilled which was spoken by the prophet, saying, I WILL OPEN MY MOUTH IN PARABLES; I WILL UTTER THINGS WHICH HAVE BEEN KEPT SECRET FROM THE FOUNDATION OF THE WORLD.”*** God be praised for the light, for indeed, ***“at evening time IT SHALL BE LIGHT.”*** Let us bow our heads in prayer. (Brother Amos prayed).

May the Lord bless you.

(The following testimonies were all given after the message identifying the serpent, and is further vindication of God for His World).

Testimony of Brother Wole Omoboriowo

Praise God! I have a little word to share. It is a small testimony. I just pray to God that what I am about to say will bless all of us. Yesterday evening, I went to sleep very early, as I was exhausted, tired, and mentally fatigued. The kind of work I do is very exhausting. I slept very well, and I thank God for that, as I woke up this morning precisely at 12 minutes past seven O'clock. For the past two days, I have not put on the television in my hotel room during this Convention, and when I get into the room, I have a little book I am reading, written by Michael Flavius Josephus, the Jewish Historian, a condensed history of the happenings of the Bible. So, when I get to my room, I read it until I fall asleep. But this morning, for some reason, I put on the Television, and it was the National Geographic Channel. They were showing a programme on the Anaconda. As soon as I saw the big snake, I was like, Wow! But for some reason, I laid back, and stayed fixated, and was watching it, which was unusual of me, for I do not like snakes, and neither do I like watching them, as I

usually switch the television off when I see them. About two minutes into the programme, there was an analogy made between the human being and the Anaconda. There was a female Professor speaking on the Anaconda, and she said: ***“If you take a human being, a tall man, and you stretch him out, he will come to the size of an anaconda.”*** Secondly, she said that the vertebrae of the Anaconda, is in many ways similar to that of a stretched man. Then I felt I had had enough of snakes, so I put it off, and jumped in the shower, dressed, and later went downstairs for breakfast. But when Pastor Amos started sharing this revelation, I looked at my mother and my sister, Sister Titi Olobayo, and I said, Wow! Just this morning, I saw this projection on the National Geographical Channel. At that time, I did not know what it meant, but now, I praise God for it. So, I would just like to say that God reveals Himself, sometimes not to the biggest, but sometimes to the most simple of us. But in considering the depth of the revelation unveiled for us tonight, for me, what I will take away, is that it is meant to draw us closer to

God, to let us know that we are serving a Living God.
P r a i s e G o d !

(Brother Amos now responds to the testimony). I appreciate the testimony. May God bless my brother. After my message, I was at first praying on the prayer line, but I wanted to go and change my clothes, because I was wet after the sermon. So, I went out, because I have a change of clothes in the car. I merely wanted to change and come back to pray for people on the prayer line. When I got out, the car was not there, for the driver had taken it to my wife. Seeing there was no way for me to change, I had to come back inside the hall. But as I was coming in, I saw Brother Wole outside. He said, *"Brother Amos, you would not believe it; but I saw something on TV this morning, that borders on what you just preached."* So, I had to pay attention. Then he told me how he instinctively turned on the TV this morning, which he had not turned on for a few days, only to watch the Anaconda on National Geographic Channel. They said if you stretch a tall human being, it will give you the same size of an Anaconda. Also consider what he heard on the Television, which he brought out at the end of his

testimony. He said that the Vertebrae, (which is the bone structure that goes through the body of an Anaconda), is the same as when you stretch a tall human being. Brothers and sisters, that is exactly what it gives you! I believe it is God vindicating something, by ordaining that that programme be aired this very morning on TV, for our God is the God of providence. Saints, I see the hand of God's providence, engineering everything, on the very day when the truth of the serpent was to be opened up. I ask you, brothers and sisters: If the National Geographic Channel can give you the scientific proof of the truth that has been set forth tonight, what more are you looking for? Saints of God, look no further. ***THE PRESENT DAY IDENTITY OF THE SERPENT IS THE BOA. It gives us the Boa Constrictor Anaconda, and all other Boas, who make up the serpent's present day family.*** The unveiling of this deep Bible mystery today, shows that God is signing out of the unveiling of written truth, for it is almost done, for we are at the very end. It is later than you think.

May the Lord bless you.

Testimony Of Brother Jerry O v o h

During the message of THE PRESENT DAY IDENTITY OF THE SERPENT, when Brother Amos suddenly announced: *The angel of the Lord is here; the Lord is here*, I quickly opened my I-pad and began to take some shots. But I soon observed that whenever I pointed the camera to my side, away from Brother Amos, the photos taken were normal; but whenever I pointed the camera to Brother Amos, a great light covered him with the platform, and all I could see on my I-pad screen was white light, which covered Brother Amos almost completely, and I could only see part of his leg. His whole body was covered up by the light of God. Immediately the service was over, I went to Brother Amos to show him the supernatural pictures I took, together with the ones I had taken prior to the pronouncement of the angel's presence, and he said words to the effect that it is the anointing presence of the Lord. Our God is awesome.

Testimony of Sister Janet
N j e t e n e h

Dear Brother Amos,

I am blind in one eye, and can hardly see with the other. So I avoid the light, particularly from the Television screen. My daughter slotted in the DVD on THE PRESENT DAY IDENTITY OF THE SERPENT, and advised me to sit up on the couch where I was lying down, and to face the Television screen, saying that the Lord may

cause my eyes to see again. I sat up and faced the Television, although I could not see anything. But I heard the Preacher's voice. I listened, asking my daughter once in a while to pause the DVD, and explain, when I did not hear something properly. Immediately the Preacher said, "Brethren, the Angel of the Lord is here!", A SHARP SHINING LIGHT, WITH THE SHAPE OF A BIRD, WITH ITS WINGS SPREAD, flooded the Preacher's chest, and I

could see the Preacher's face. So, I reacted with surprise, as I was startled, and asked my daughter: "*Is that not Brother Amos preaching*", describing exactly who I saw? She answered, "Yes", before she remembered in surprise that I could not see, and should not have seen that. This happened on Wednesday, 22nd May, 2013, three days after the C o n v e n t i o n .

 Jesus Christ be glorified!
 Praise be to God!
